# Stakeholders' Feedback Analysis Report 2020-2021

In the academic year 2020-2021, Sree Sankara Vidyapeetom College adapted its feedback mechanism to address the unique challenges posed by the global pandemic. The college sought feedback from students, faculty, staff, alumni, and employers to guide its rapid adaptation to online education and ensure the continued delivery of quality education. The IQAC played a central role in these efforts, utilizing Google Forms as the main tool for collecting feedback.

## Feedback Mechanism

**Feedback Collection:** The feedback collection process involved a comprehensive questionnaire distributed through Google Forms. The questionnaire, employing a 5-point Likert scale, was designed to understand the effectiveness of online learning strategies and digital resources.

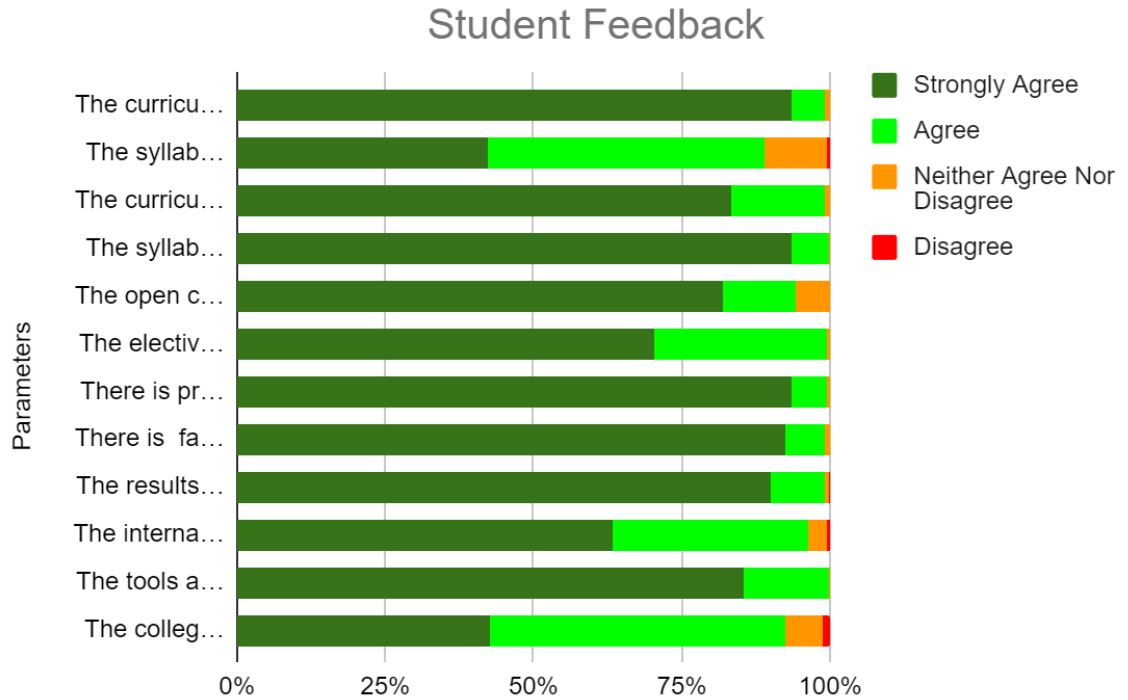

**Feedback Analysis:** The IQAC analyzed the feedback, compiling detailed summaries and department-specific reports to guide the college's adaptation to the changing educational landscape.

**Action Plan:** Based on the feedback, the IQAC and departments formulated action plans focusing on online education strategies and digital resource enhancement.

**Communication of Feedback and Actions:** The college ensured that all stakeholders were kept informed about the feedback and subsequent actions through the college website, and notice boards.
