INSTITUTION INNOVATION COUNCIL

IIC INNOVATION AMBASSADOR TRAINING

IICs at institutes are envisioned an instrumental role to drive innovation and start-up ecosystem at campus while connecting with ecosystem enablers at regional and national level. For this, the role of faculty being a member of IIC is very important to play as a mentor or guide young minds in their pursuit of Innovation and entrepreneurship and equally crucial for mentors to have the adequate mentoring skills. Considering the fact that Indian HEIs are lacking in innovation and start-up mentor capacity to guide students on IPR, Innovation and Entrepreneurship, Institutions Innovation council of MoE's Innovation Cell aims to build mentorship capacity of IIC members through a series of training programs and designate the trained IIC members as "IIC - Innovation Ambassador". IIC-MoE's Innovation Cell has taken a target to train more than 5000 faculties to develop mentoring skills on above four themes by end of 2019-2020 IIC calendar year (by June 2020).

The beneficiaries of these training programs will join the network as "IIC-Innovation Ambassador" and perform the role of mentor in their respective IICs, will provide support to other IICs as resource person in organising various programs related to innovation and start-up and spread the message of innovation & start-up among the students and faculties. Further, there will be some incentive opportunities for Innovation ambassadors for the services offered during post training period and to connect directly with MoE's Innovation cell and also reward points for IICs to take part in this process.

As of now, the following faculty members of the institution had undergone the IA training

Advanced Level Training

Mrs. Sumi K S

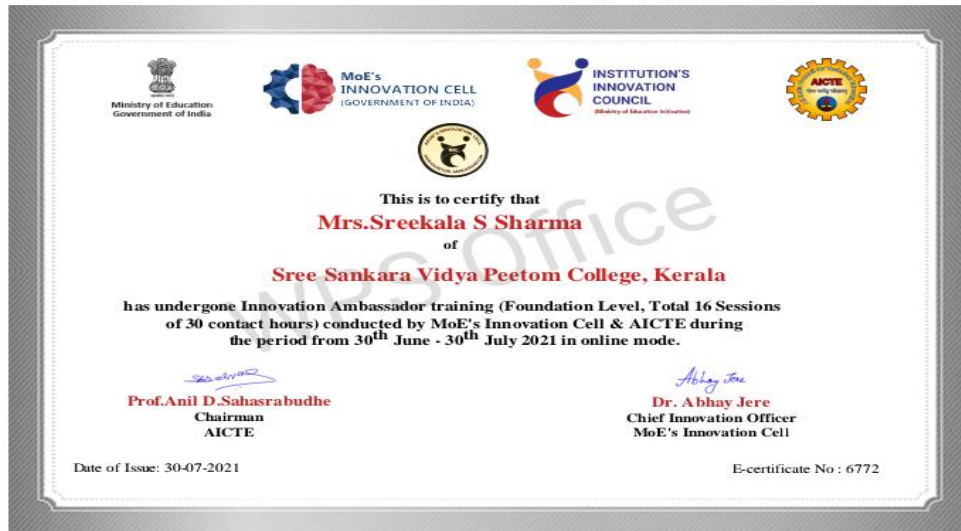

Foundation Level Training

Mrs. Sumi K S

Dr. Sreekala S Sharma

Dr. Suchitra A.
