

## Preface

Sree Sankara Vidyapeetom College values the diverse perspectives and constructive feedback shared by our esteemed stakeholders—students, faculty, parents, alumni, and employers—during the academic year 2018-2019. This comprehensive report serves as a testament to our commitment to actively engage and respond to the invaluable insights received. The amalgamation of inputs, recommendations, and suggestions presented in this report reflects the collective aspirations towards continual improvement and the pursuit of excellence in our educational ecosystem.

This document encapsulates a synthesis of observations, commendations, and constructive criticisms voiced by our stakeholders. Their inputs have served as guiding beacons, shaping the initiatives and strategic measures adopted by our institution. We are indebted to the invaluable contributions made by our stakeholders, which have been instrumental in steering our actions towards fostering a conducive, enriching, and forward-thinking educational environment.

# Stakeholders' Feedback Analysis Report 2019-2020

For the academic year 2018-2019, Sree Sankara Vidyapeetom College placed great emphasis on utilising feedback as a key driver for growth and improvement. The college actively sought insights from students, faculty, staff, alumni, and employers to identify areas needing enhancement. The Internal Quality Assurance Cell (IQAC) led these efforts, developing action plans to address identified weaknesses and capitalise on strengths. The primary tool for feedback collection during this period was Google Forms, which facilitated an accessible and straightforward means for stakeholders to share their perspectives. This approach underscored our commitment to maintaining high educational and campus life standards, adapting to the needs and preferences of our college community.

## Feedback Mechanism

**Feedback Collection:** The feedback process involved a comprehensive questionnaire distributed via Google Forms, focusing on the Curriculum and Academic Environment. The IQAC ensured the questionnaire's relevance and effectiveness, employing a 5-point Likert scale ranging from 'Strongly Agree' to 'Strongly Disagree' to capture a wide range of stakeholder opinions.

**Feedback Analysis:** The IQAC played a crucial role in analysing the feedback, compiling a comprehensive summary and generating department-specific reports. These reports were instrumental in understanding the unique needs and suggestions of each department.

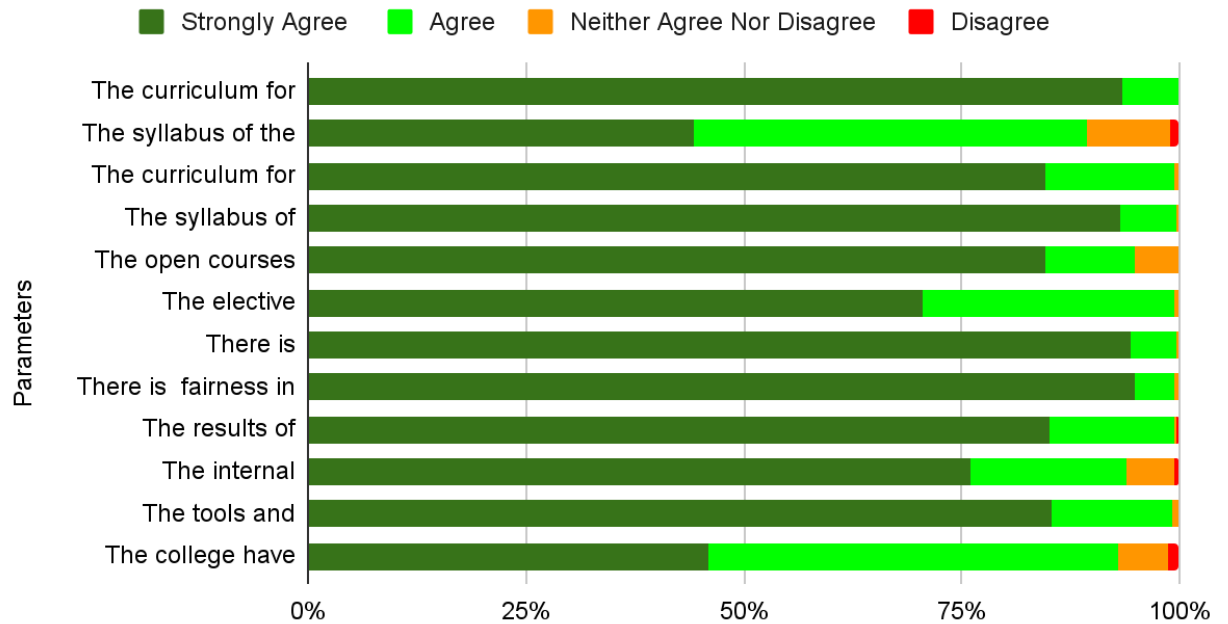

**Action Plan:** Based on the feedback analysis, targeted action plans were formulated and executed by the IQAC and various departments. These plans involved curriculum adjustments, teaching method updates, and infrastructural enhancements.

**Communication of Feedback and Actions:** The college ensured transparency by communicating the feedback analysis and action details through the college website, meetings, and notice boards.

# Stakeholder Feedback Analysis Report 2018 - 2019

## 1. Student Feedback

### Student Feedback

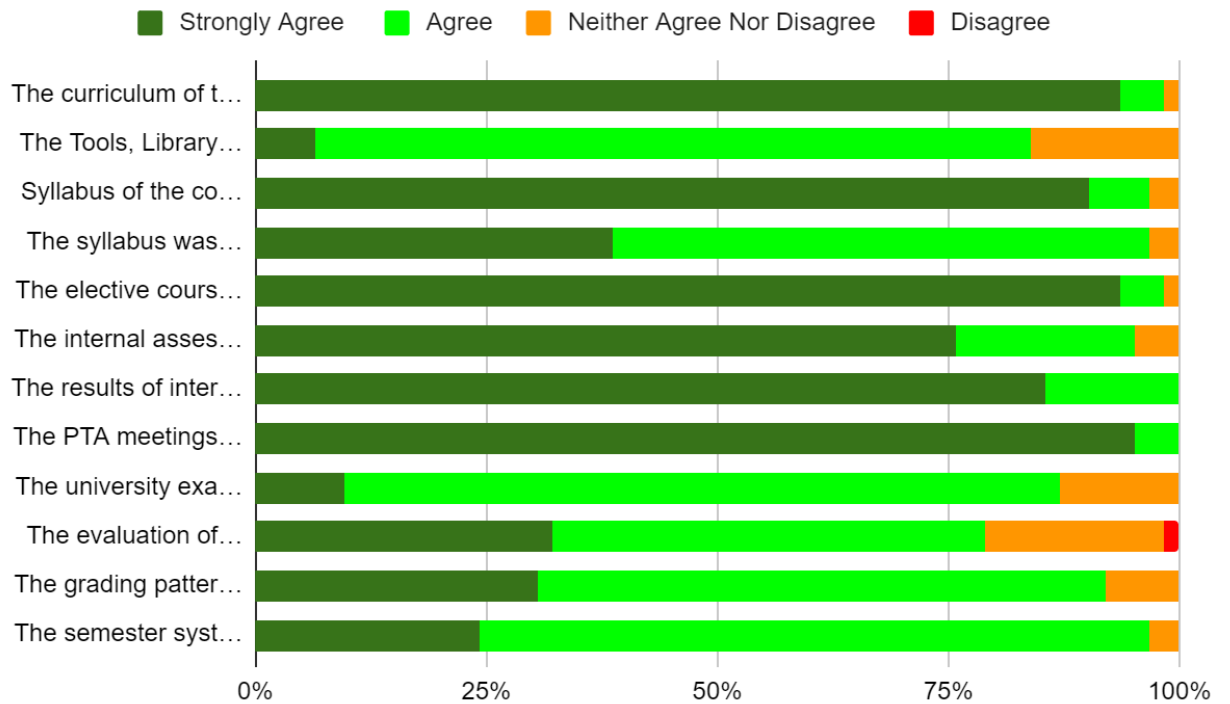

### Suggestions from students

- The students are happy with the academic and non academic atmosphere of the campus.
- University exam results have to be published on time
- Startup opportunities has to be provided
- Placement opportunities have to be improved

## 2. Teacher Feedback

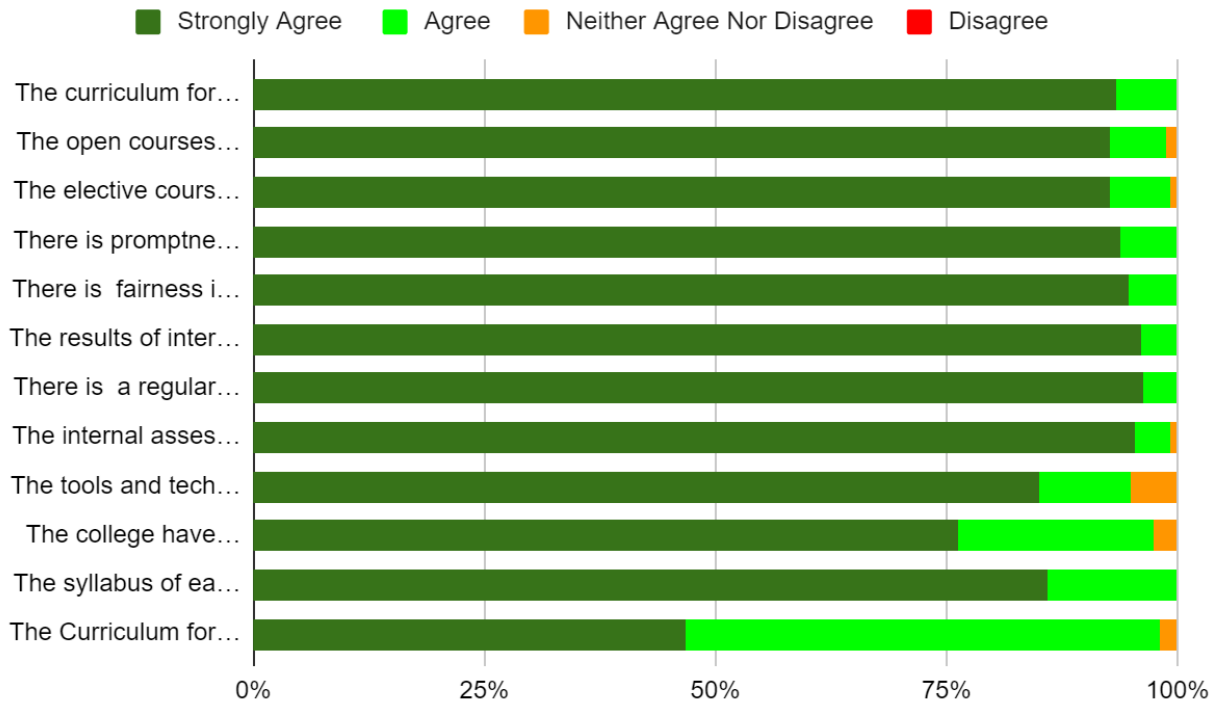

### Suggestions from Teachers

- More training is to be provided for the newly introduced syllabus
- Library books have to be updated
- More ICT facilities have to be provided.

### 3. Parent Feedback

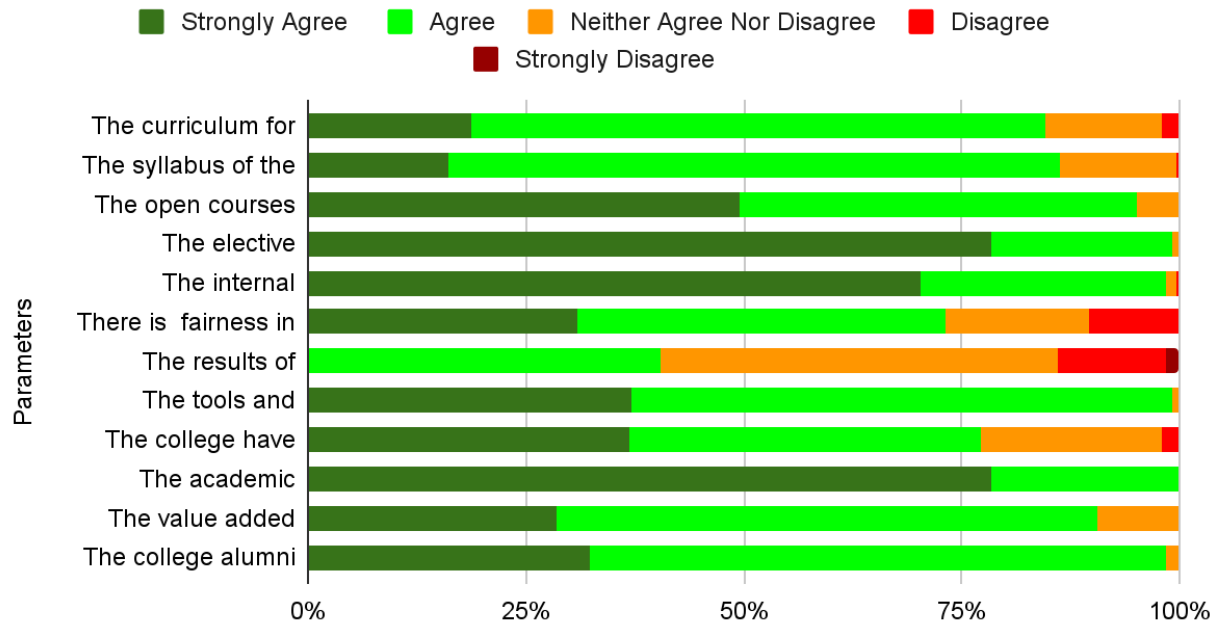

#### Comments and Suggestions by parents

- The parents are satisfied with the friendly atmosphere on campus
- The uniform system has to be introduced to all students
- Travel concessions or arrangements have to be provided.

#### 4. Alumni Feedback

### Alumni Feedback

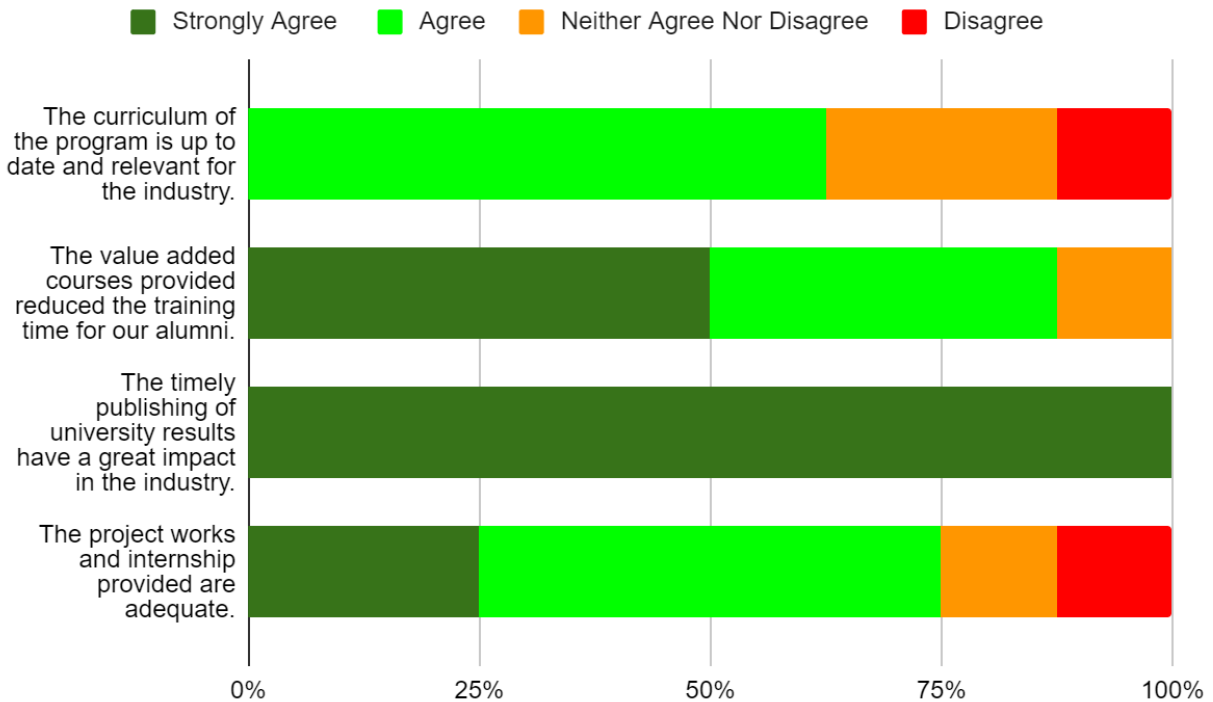

#### Suggestions by Alumni

- More value added courses may be included in several programmes
- Placement training and support have to be increased

## 5. Employer Feedback

### Comments and suggestions by Employers

- The quality of students seems to be good
- The lag in the university results are affecting the recruitment process
- Specific placement training and support have to be increased
- The curriculum, especially the syllabus, has to be revamped.

We hereby submit this report to the College Council and Management for their review and further guidance.
