SREE SANKARA VIDYAPEETOM COLLEGE, VALAYANCHIRANGARA

Report on Workshop on Artificial Intelligence

Programme Details in a nutshell	
Name of the Event	Workshop on Artificial Intelligence
Nature of the Event	Workshop
Objectives	● To introduce students to the fundamental concepts and applications of Artificial Intelligence (AI) during the workshop. ● To provide participants with hands-on experience in utilizing AI tools and techniques for problem-solving and data analysis. ● To foster a collaborative learning environment, encouraging knowledge-sharing and idea exchange among the students. ● To inspire students to pursue further studies and research in the field of Artificial Intelligence, promoting academic excellence.
Resource person	Mr. Jerry John, Krishnan, Thanveer Ahmed S
Date and Time	23/01/2023
Duration	1 day
Beneficiaries	Students - 71no.s
Venue or Platform	UG Computer Lab
Organising dept/ Cell	PG Department of Computer Science
Coordinator	Dr. Prathibha P H
Associating Agency	COZMEIC PVT. LTD.
Outcome/ Benefit of the programme	● Participants gained a strong understanding of the fundamental principles and real-world applications of Artificial Intelligence through the workshop. ● Students demonstrated proficiency in using AI tools and techniques to solve practical problems and analyze

|	data effectively. ● The workshop facilitated a collaborative learning environment, where students exchanged ideas and learned from each other's experiences. ● The program inspired students to explore and pursue advanced studies and research in the field of Artificial Intelligence, nurturing their academic growth.

Detailed Report of the Programme

The Workshop on "Artificial Intelligence," conducted by the Department of Computer Science during the academic year 2019-2020, was a highly engaging and informative program for the student beneficiaries. The objective of the workshop was to introduce students to the fundamental concepts and real-world applications of Artificial Intelligence. As part of the Programme for students, the event aimed to provide participants with hands-on experience in utilizing AI tools and techniques for problem-solving and data analysis.

The workshop was organized on 23rd January 2023 and witnessed enthusiastic participation from students eager to explore the world of AI. During the program, students were exposed to a comprehensive understanding of AI, covering topics ranging from machine learning algorithms to natural language processing. The workshop included practical sessions where students gained hands-on experience in utilizing AI tools for real-world applications. The collaborative learning environment during the workshop encouraged students to exchange ideas and learn from each other's experiences, enhancing their overall understanding of Artificial Intelligence. Overall, the workshop successfully inspired students to pursue further studies and research in the field of AI, nurturing their academic growth and potential for future advancements in this cutting-edge technology.

The Workshop on Artificial Intelligence conducted by the Department of Computer Science proved to be a valuable program for students to gain insights into the dynamic field of AI. The organizing department's efforts in providing such a well-structured and informative workshop are commendable, as it contributes significantly to the students' academic and professional growth in the ever-evolving world of technology.
