

SREE SANKARA VIDYAPEETOM COLLEGE, VALAYANCHIRANGARA

Report on “ETUDES” Lets Learn How to Conduct a Workshop

Programme Details in a nutshell	
Name of the Event	“ETUDES” Lets learn how to conduct a Workshop
Nature of the Event	Workshop
Objectives	<ul style="list-style-type: none"> a) Educate participants on the fundamentals of Workshop planning and execution. b) Provide insights into effective content creation and delivery techniques. c) Equip participants with strategies to engage and interact with virtual audiences. d) Familiarize participants with the technical aspects of Workshop platforms and tools. e) Offer guidance on evaluating the success of Workshops and identifying areas for improvement.
Resource person	Balasankar C, Build Engineer, Gitlab and Ambili m S, Assistant Professor, P G Department of Computer Science, Sree Sankara Vidyapeetom College, Valayanchirangara
Date and Time	17/06/2021 to 18/06/2021
Duration	2 days
Beneficiaries	UG and PG Students
Venue or Platform	Google Meet
Feedback link	https://forms.gle/QSDry6SzteABjv5QA
Organising dept/ Cell	PG Department of Computer Science
Coordinator	Ambili M S
Associating Agency	Department Association

Outcome/ Benefit of the programme	<ul style="list-style-type: none"> a) Participants were proficient in designing attractive brochures and customized certificates that could effectively represent their Workshops. b) Learned how to efficiently collect attendee information through well-designed registration forms. c) Learned about the features and functionalities of YouTube Live and explored its benefits in reaching a wider audience.

Detailed Report of the Programme

"ETUDES: Let's Learn How to Conduct a Workshop," a training program organized by the PG Department of Computer Science at Sree Sankara Vidyapeetom College, Valayanchirangara, was a notable event aimed at enhancing the Workshop-related skills of UG and PG students. Held on June 17th and 18th, 2021, this two-day event was hosted on Google Meet and coordinated by Ambili M S. Balasankar C, a Build Engineer from Gitlab, and Ambili M S, Assistant Professor at the college, served as the key resource persons. The program was structured to cover various aspects of conducting Workshops, from planning and content creation to technical execution and post-event evaluation. The first day of the training focused on the basics of Workshop tools, with a special emphasis on Google Meet, and strategies for designing engaging and informative content. The participants were introduced to various interactive elements to keep the audience engaged during a Workshop. The second day delved into the technical setup, execution of Workshops, and evaluation strategies. Participants were also given a chance to conduct mini-Workshops, allowing them to apply the skills they had learned. This practical approach ensured that the attendees not only understood the theoretical aspects of Workshop management but also gained hands-on experience.

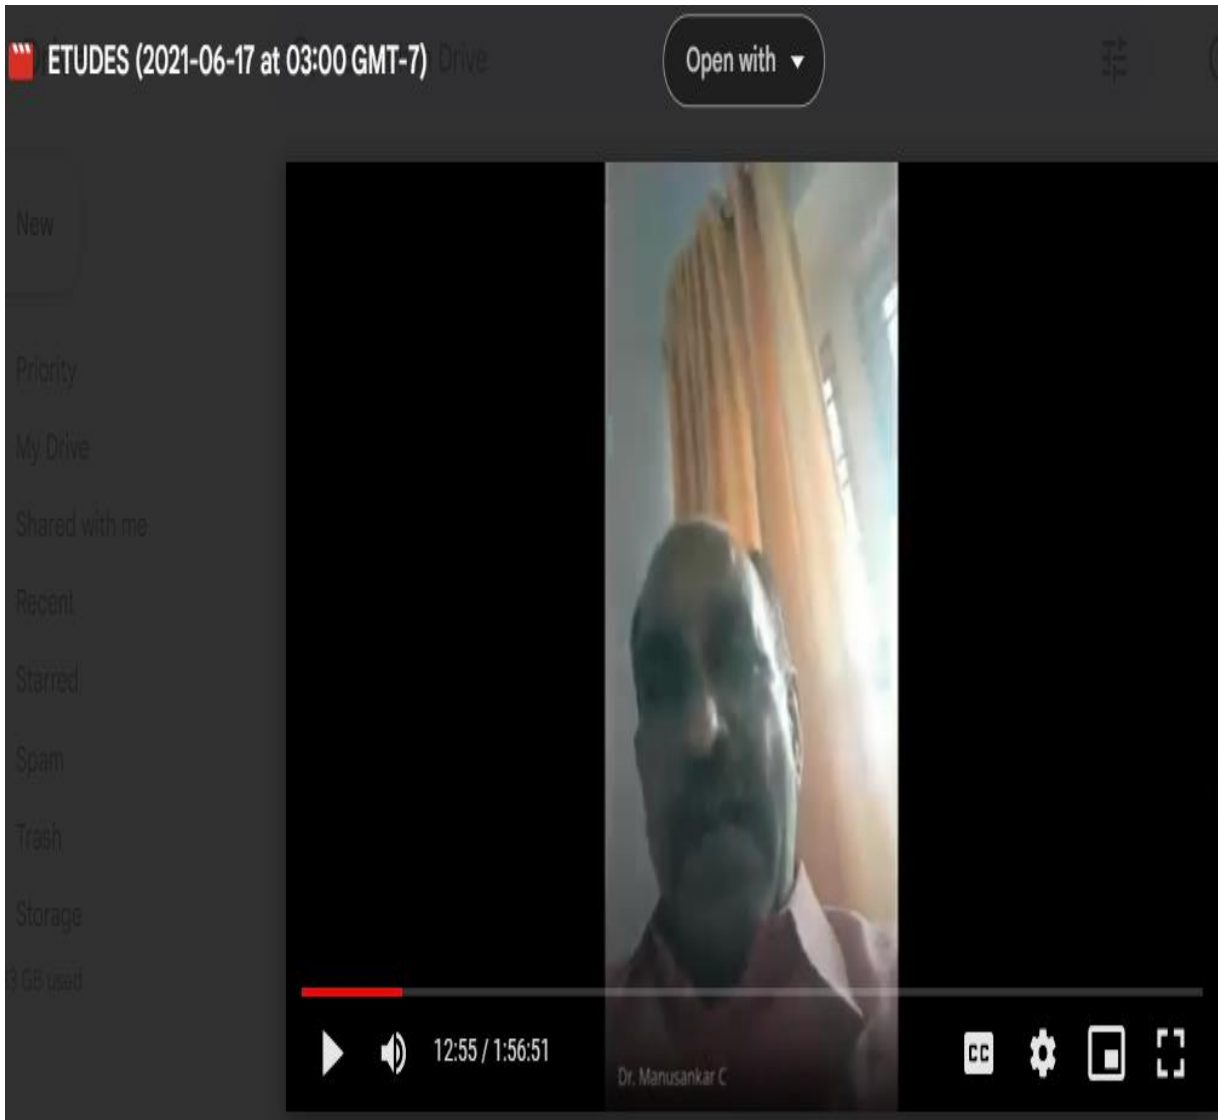

The training benefitted greatly from the expertise of the resource persons. Balasankar C brought in-depth knowledge about the technical aspects of conducting Workshops, including detailed insights into platform functionalities and troubleshooting techniques. Ambili M S complemented this with her focus on content creation, audience engagement, and effective evaluation methods. Their combined expertise provided a comprehensive

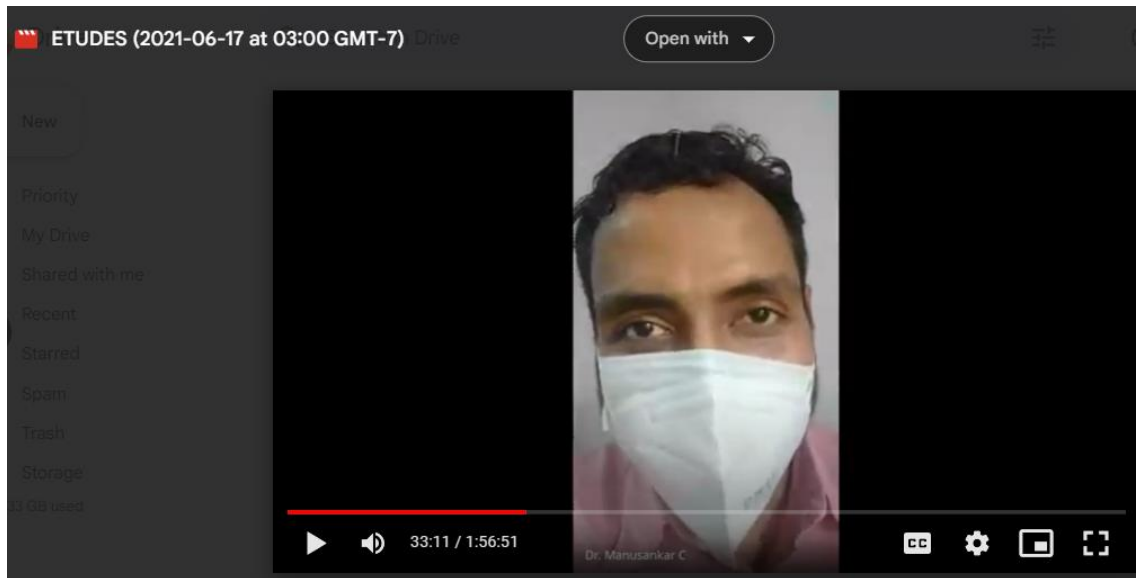

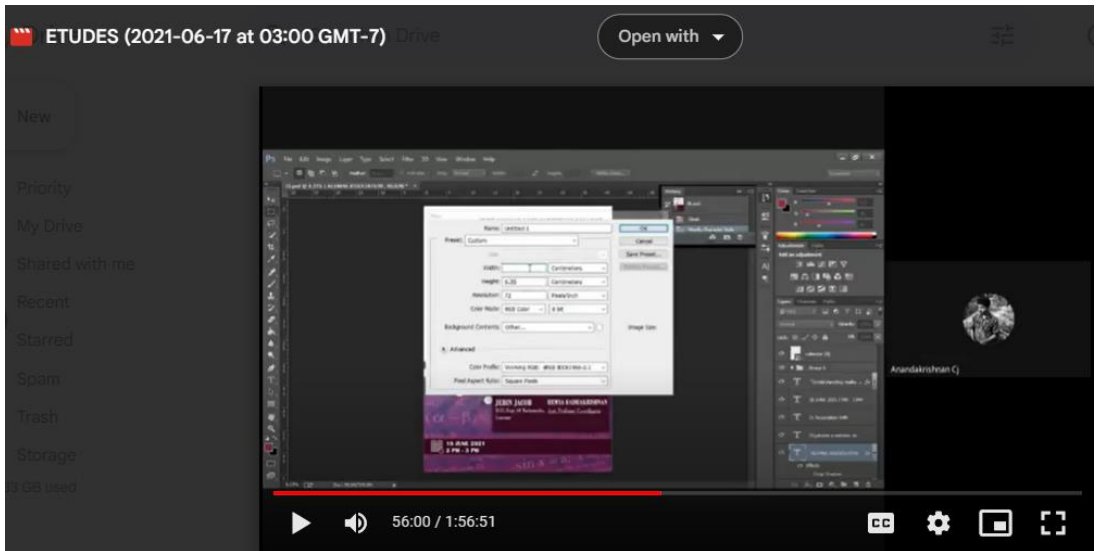

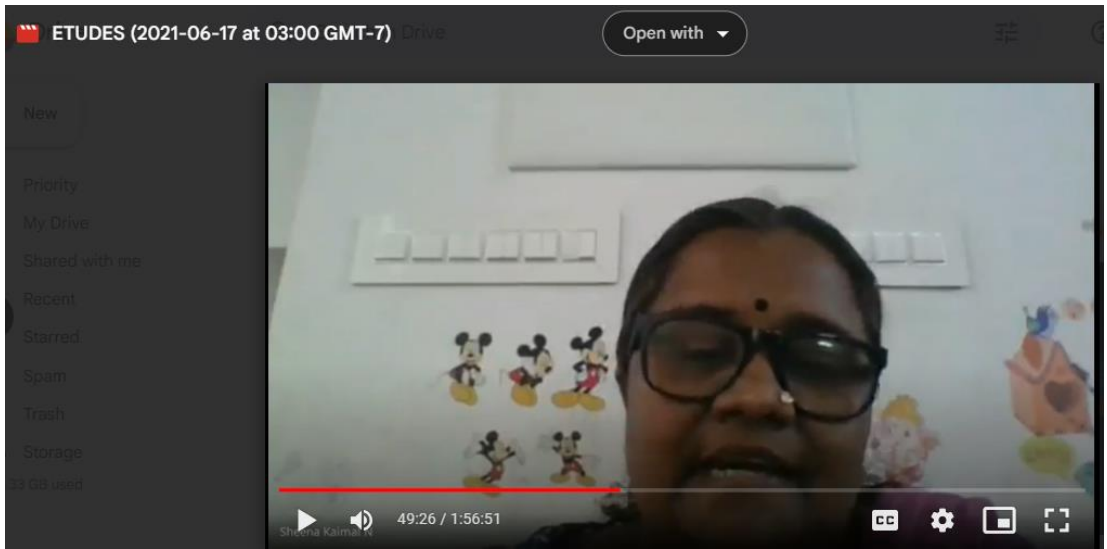

learning experience for the participants. By the end of the training, participants were proficient in several key areas. They learned how to design attractive brochures and customized certificates to effectively represent their Workshops. The training also equipped them with the skills to create efficient registration forms for attendee information collection. Additionally, the exploration of YouTube Live as a platform for Workshops opened up new possibilities for the participants in terms of reaching a wider audience. Overall, the training was successful in achieving its objectives, providing the students with a solid foundation in Workshop management and execution. The feedback link provided (<https://forms.gle/QSDry6SzteABjv5QA>) offered a channel for participants to share their experiences and suggestions, further contributing to the continuous improvement of such training programs.
