Resource person	Nikhil Bejoy
Date and Time	20/01/2021
Duration	1 day
Beneficiaries	Students
Venue or Platform	Computer Lab
Feedback link	
Organising dept/ Cell	Department of Computer Science
Coordinator	Dr. Manusankar C
Associating Agency	LCC Computer Education
Name of the Scheme	NA
Fund details if any	NA
Outcome/ Benefit of the programme	- Participants gained a clear understanding of the importance of industrial projects and their relevance in the professional world. - The orientation class provided students with insights into the practical aspects and challenges faced in real-world project execution.

	● Students acquired valuable project management skills, making them more competent in handling complex projects.

DETAILED REPORT OF THE PROGRAMME

The Orientation Class on Industrial Projects, conducted by the Department of Computer Science in collaboration with LCC Computer Education during the academic year 2019-2020, was a highly beneficial program for the student beneficiaries. The objective of the program was to familiarize students with the concept of industrial projects and provide them with insights into real-world project execution. As part of the LCC Computer Education Programme, the event aimed to equip beneficiaries with essential project management skills and create potential opportunities for internships or collaborations on industrial projects.

The program witnessed active participation from students eager to gain practical knowledge in project execution. The Orientation Class provided a platform for students to understand the importance of industrial projects and their relevance in bridging the gap between academia and industry. Through interactive sessions and case studies, participants gained valuable insights into the practical aspects and challenges faced in executing real-world projects. The orientation also focused on equipping students with essential project management skills, making them more competent in handling complex projects in their future careers.

In conclusion, the Orientation Class on Industrial Projects conducted in collaboration with LCC Computer Education served as a stepping stone for students to explore and engage with real-world projects. The program report highlights the success of the orientation and its positive impact on students' understanding and skill development in project management. The Department of Computer Science's efforts in organizing such orientation classes demonstrate their commitment to preparing students for the dynamic challenges of the professional world.
