## PROGRAMME REPORT

The seminar (online) on Effective Intellectual Property Rights Management, held on August 29, 2022, was a highly informative session facilitated by Dr. Kavitha Chalakal, an esteemed expert working at the Inter University Centre for IPR Studies. The primary focus of the seminar was to provide participants with a comprehensive understanding of various forms of IPR and the procedures involved in converting research work into patents.

Dr. Kavitha Chalakal commenced the session by providing an insightful overview of the different forms of Intellectual Property Rights, including patents, trademarks, copyrights, and trade secrets. The importance of protecting intellectual property in various fields was emphasized.

The core of the session delved into the detailed procedure for converting research work into patents. The resource person elucidated the steps involved, from identifying patentable inventions to the application and examination process. Practical examples were cited to illustrate key concepts.

The session was followed by interaction with the participants. The resource person has clarified all the queries raised by the participants. The session lasted for 1.30 hours and the participants gained deep insight on the topic. Feedback from participants highlighted the effectiveness of the seminar in providing a profound insight into the complex world of Intellectual Property Rights. Participants expressed gratitude for the clarity with which Dr. Chalakal presented the information
