Report on Hands on Training on Computer Security

Programme Details in a nutshell	
Name of the Event	Hands on Training on Computer Security
Nature of the Event	Training
Objectives	- To create awareness among students about the importance of computer security and the potential risks associated with cyber threats. - To educate students about best practices and preventive measures to safeguard personal and sensitive information online. - To provide students with insights into the latest trends in cyber threats and security measures to stay ahead in the rapidly evolving digital landscape. - To foster a culture of cybersecurity consciousness among students and encourage them to become responsible digital citizens.
Resource person	Dr. Manusankar C
Date and Time	30/11/2018
Duration	1 day
Beneficiaries	81 Students
Venue or Platform	Department of Computer Science
Feedback link	
Organising dept/ Cell	Department of Computer Science
Coordinator	Ambili M S
Associating Agency	NA

Outcome/ Benefit of the programme	- Participants gained a comprehensive understanding of computer security and its significance in the modern digital era through the Interactive Session on Computer Security. - The session equipped students with practical knowledge and tools to protect themselves from cyber threats and maintain the security of their digital assets. - The event enabled students to stay updated with the latest cybersecurity trends, empowering them to make informed decisions in their online activities. - The session successfully instilled a sense of responsibility and awareness among students, promoting a safer and more secure online environment.

Detailed Report of the Programme

The hands-on training on Computer Security," conducted by the Department of Computer Science during the academic year 2018-2019, proved to be a highly informative and beneficial event for the student beneficiaries. As part of the Programme for students, the training aimed to create awareness about computer security and the potential risks associated with cyber threats. The seminar, held on 30th November 2018, witnessed active participation from students who were keen to learn about the importance of cybersecurity in the digital age.

Throughout the training session on Computer Security, expert speakers shared valuable insights and best practices to protect personal information and sensitive data online. The session served as an excellent platform for students to understand the latest trends in cyber threats and security measures to safeguard their digital presence. Furthermore, the event effectively fostered a culture of cybersecurity consciousness among students, encouraging them to be responsible digital citizens.

Report on Workshop on Modern tech Immersion

Programme Details in a nutshell	
Name of the Event	**Report on Workshop on Modern tech Immersion**
Nature of the Event	Workshop
Objectives	- To provide students with insights into the latest technological advancements and updates in the field of computer science. - To enhance students' understanding of emerging technologies and their potential applications in various domains. - To encourage students to stay updated with the fast-paced technology landscape and inspire them to pursue continuous learning. - To facilitate interaction between students and industry experts, fostering a platform for knowledge exchange and networking.
Resource person	Mr. N K JIMSHAD
Date and Time	06/12/2018
Duration	1 day
Beneficiaries	81 Students
Venue or Platform	Department of Computer Science
Feedback link	
Organising dept/	Department of Computer Science

Cell	
Coordinator	Manusankar C
Associating Agency	KERALA STEDS
Outcome/ Benefit of the programme	- Participants gained a comprehensive understanding of recent technological developments through the Technology Updating Seminar. - Students became aware of the practical implications of emerging technologies, sparking their interest in exploring innovative solutions. - The seminar motivated students to proactively engage in continuous learning and skill development to stay relevant in the technology industry. - Interaction with Mr. N K JIMSHAD, a seasoned professional, provided valuable industry insights and networking opportunities for aspiring computer scientists.

Detailed Report of the Workshop

The Workshop on "Modern tech Immersion: Keeping Ahead" organized by the Department of Computer Science as part of the Programme for students, was successfully conducted on 06th December 2018. The workshop, aimed to bridge the gap between students and the latest technological advancements in the ever-evolving field of computer science. The event witnessed enthusiastic participation from students who were eager to stay updated with the cutting-edge trends and developments.

Mr. N K JIMSHAD, a distinguished resource person, shared valuable insights and expertise during the seminar. The event not only provided a platform for students to learn about emerging technologies but also inspired them to explore the limitless

possibilities that these advancements offer. Through this workshop, students were encouraged to embrace continuous learning and adaptability, essential qualities for success in the technology industry. The Department of Computer Science played a pivotal role in organizing this event, fostering a bridge between academia and industry. The workshop is a resounding success underscores the importance of such initiatives in equipping students with the knowledge and motivation to thrive in the dynamic world of technology.
