Detailed Report of the Programme

The Workshop on "Exploring System Development Domains organized by the Department of Computer Science, was conducted on 19th December 2018. As part of the Seminar type, this event aimed to familiarize students with the fundamental concepts and stages of system development, shedding light on its crucial role in modern software engineering. The beneficiaries of the programme were the students of the department, facilitated by the organizing Department of Computer Science.

Mr. Raju P S, Center Manager at LOGIC Software Solutions, served as the resource person for the workshop. His expertise and insights enriched the event, providing students with real-world insights into the practical application of system development. The workshop not only expanded students' knowledge but also piqued their interest in pursuing further studies and careers in this domain. This initiative highlighted the collaboration between academia and industry, facilitating a comprehensive learning experience for students. In conclusion, the seminar left a lasting impact on participants, equipping them with a solid foundation in system development principles and inspiring their future endeavors.
