## Detailed Report of the Programme

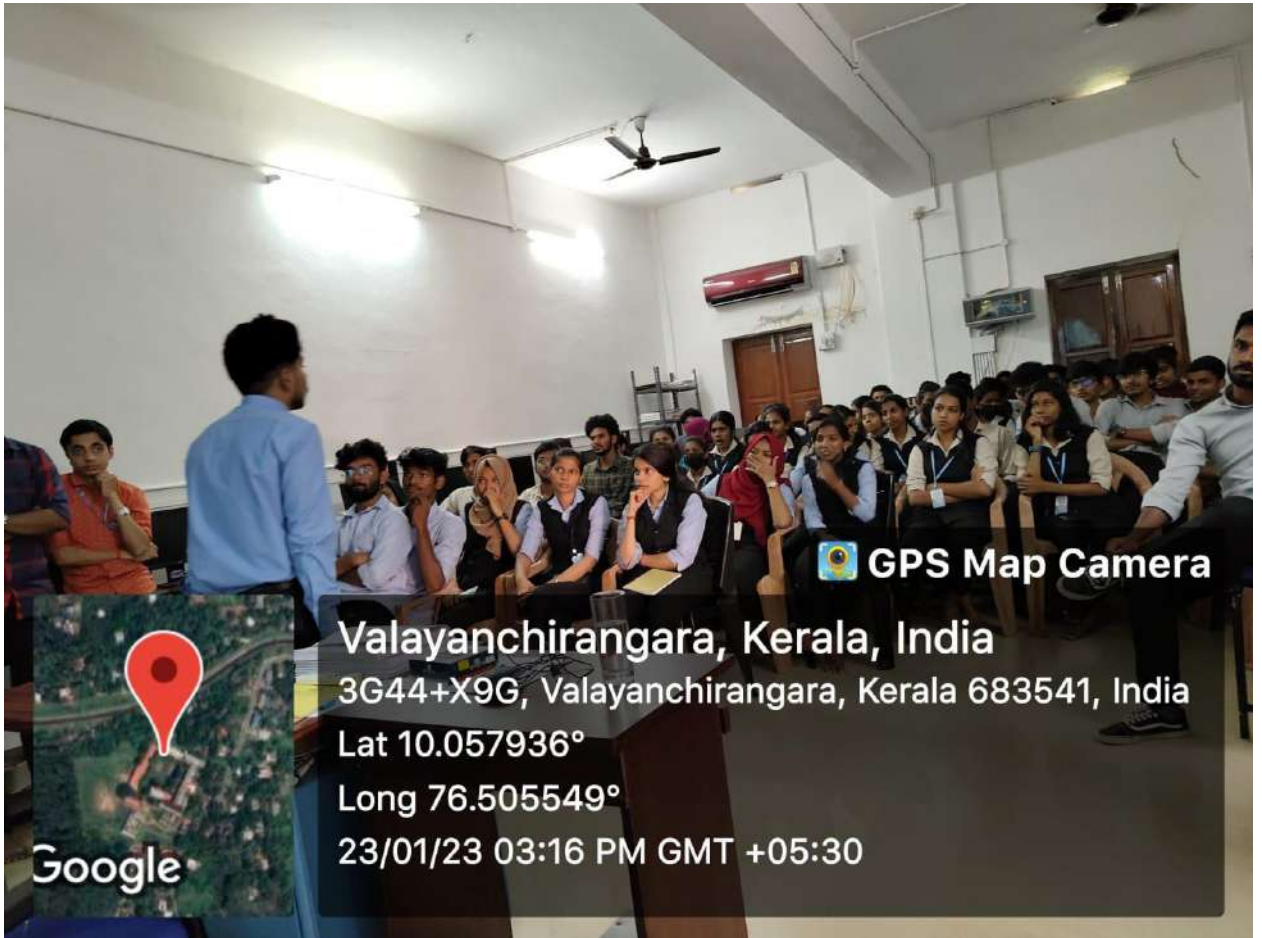

The Workshop on "Artificial Intelligence," conducted by the Department of Computer Science during the academic year 2019-2020, was a highly engaging and informative program for the student beneficiaries. The objective of the workshop was to introduce students to the fundamental concepts and real-world applications of Artificial Intelligence. As part of the Programme for students, the event aimed to provide participants with hands-on experience in utilizing AI tools and techniques for problem-solving and data analysis.

The workshop was organized on 23rd January 2023 and witnessed enthusiastic participation from students eager to explore the world of AI. During the program, students were exposed to a comprehensive understanding of AI, covering topics ranging from machine learning algorithms to natural language processing. The workshop included practical sessions where students gained hands-on experience in utilizing AI tools for real-world applications. The collaborative learning environment during the workshop encouraged students to exchange ideas and learn from each other's experiences, enhancing their overall understanding of Artificial Intelligence. Overall, the workshop successfully inspired students to pursue further studies and research in the field of AI, nurturing their academic growth and potential for future advancements in this cutting-edge technology.

The Workshop on Artificial Intelligence conducted by the Department of Computer Science proved to be a valuable program for students to gain insights into the dynamic field of AI. The organizing department's efforts in providing such a well-structured and informative workshop are commendable, as it contributes significantly to the students' academic and professional growth in the ever-evolving world of technology.

### **Detailed Report of the Programme**

"ETUDES: Let's Learn How to Conduct a Workshop," a training program organized by the PG Department of Computer Science at Sree Sankara Vidyapeetom College, Valayanchirangara, was a notable event aimed at enhancing the Workshop-related skills of UG and PG students. Held on June 17th and 18th, 2021, this two-day event was hosted on Google Meet and coordinated by Ambili M S. Balasankar C, a Build Engineer from Gitlab, and Ambili M S, Assistant Professor at the college, served as the key resource persons. The program was structured to cover various aspects of conducting Workshops, from planning and content creation to technical execution and post-event evaluation. The first day of the training focused on the basics of Workshop tools, with a special emphasis on Google Meet, and strategies for designing engaging and informative content. The participants were introduced to various interactive elements to keep the audience engaged during a Workshop. The second day delved into the technical setup, execution of Workshops, and evaluation strategies. Participants were also given a chance to conduct mini-Workshops, allowing them to apply the skills they had learned. This practical approach ensured that the attendees not only understood the theoretical aspects of Workshop management but also gained hands-on experience.

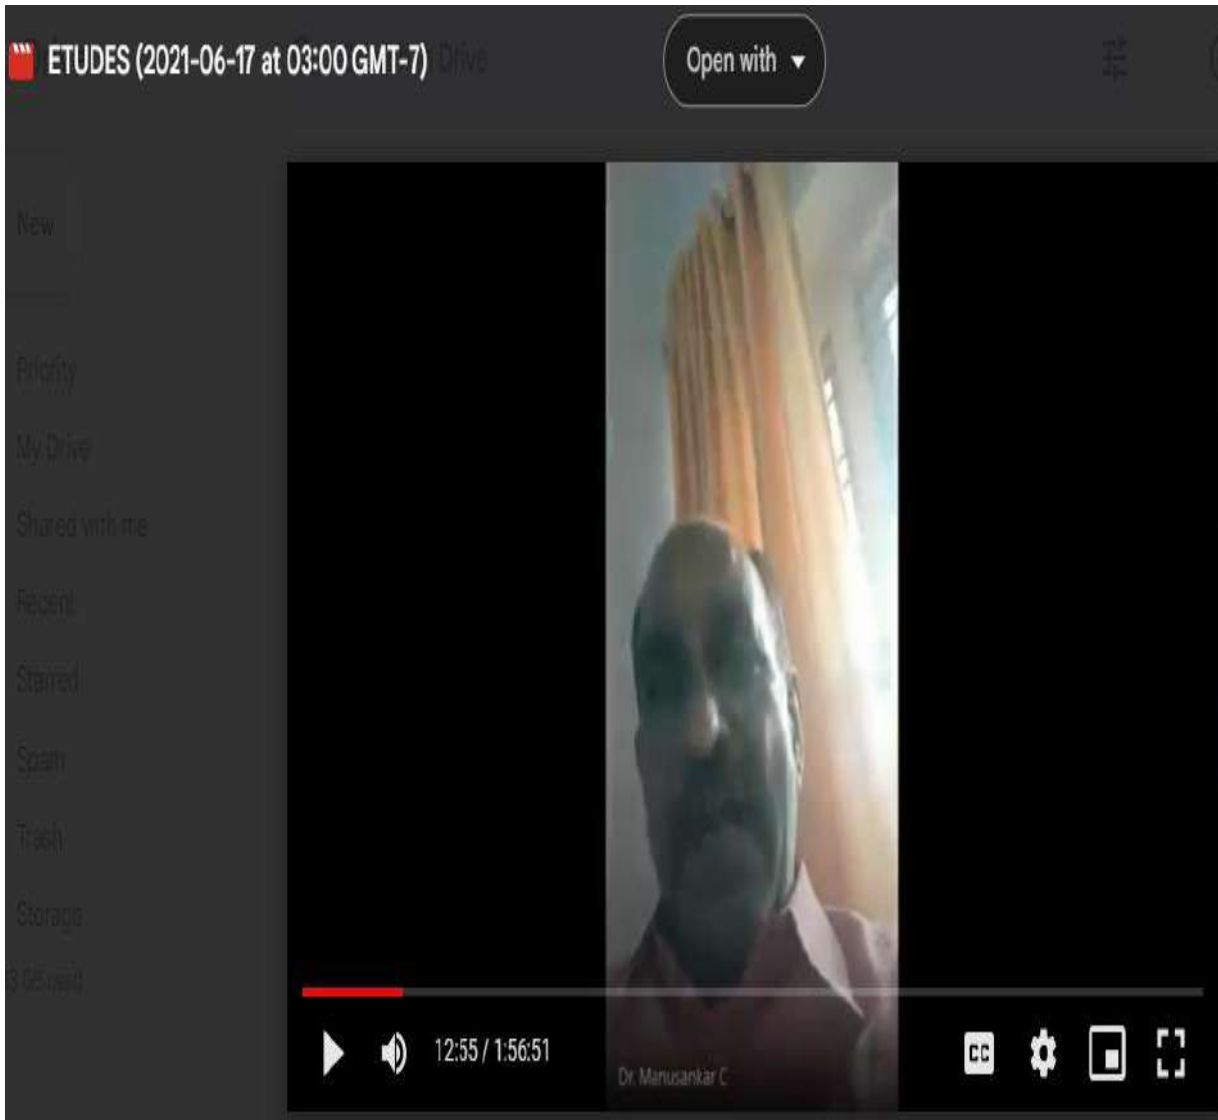

The training benefitted greatly from the expertise of the resource persons. Balasankar C brought in-depth knowledge about the technical aspects of conducting Workshops, including detailed insights into platform functionalities and troubleshooting techniques. Ambili M S complemented this with her focus on content creation, audience engagement, and effective evaluation methods. Their combined expertise provided a comprehensive

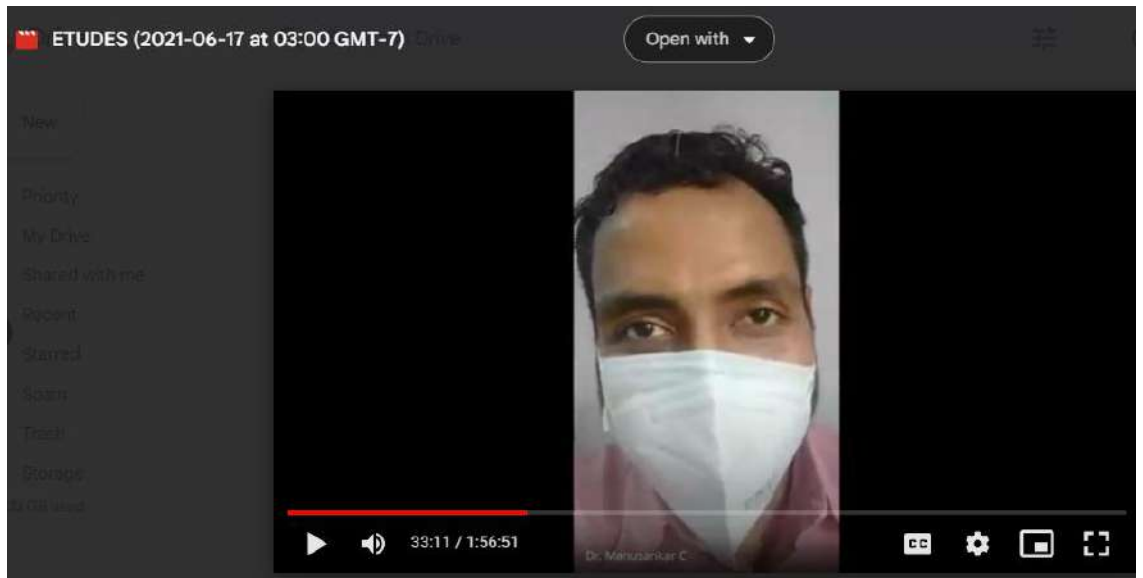

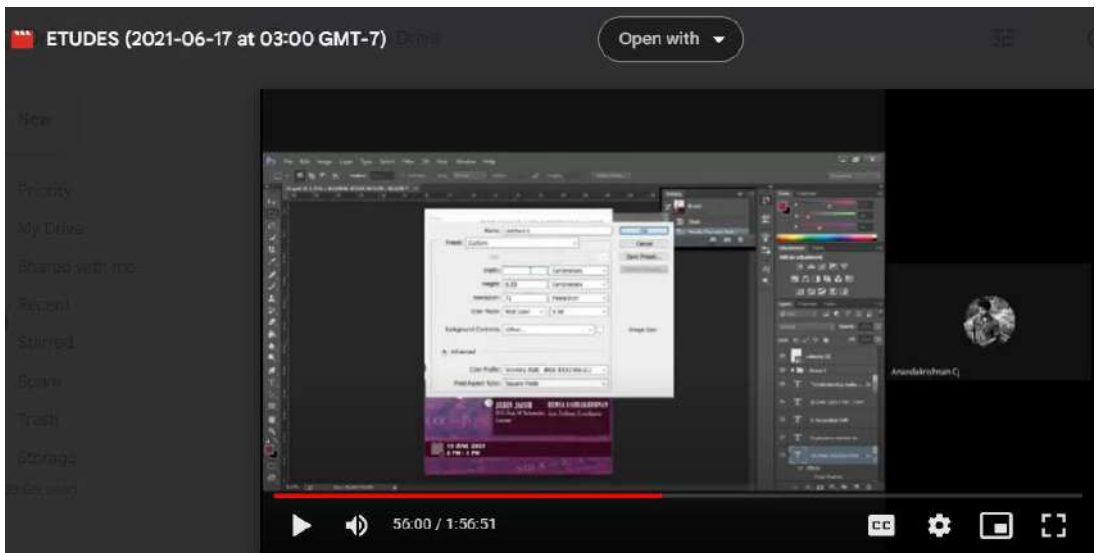

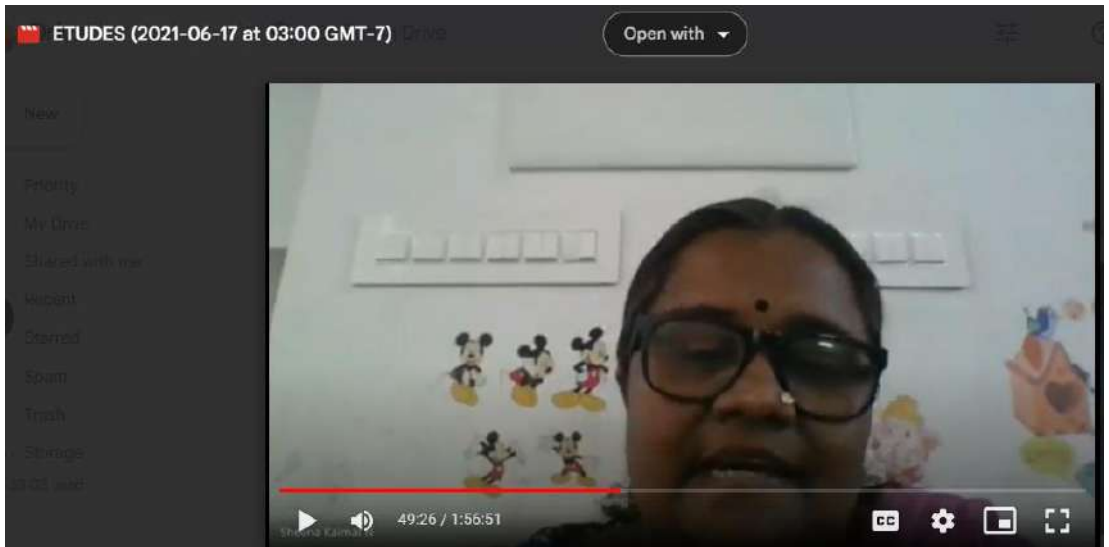

learning experience for the participants. By the end of the training, participants were proficient in several key areas. They learned how to design attractive brochures and customized certificates to effectively represent their Workshops. The training also equipped them with the skills to create efficient registration forms for attendee information collection. Additionally, the exploration of YouTube Live as a platform for Workshops opened up new possibilities for the participants in terms of reaching a wider audience. Overall, the training was successful in achieving its objectives, providing the students with a solid foundation in Workshop management and execution. The feedback link provided (<https://forms.gle/QSDry6SzteABjv5QA>) offered a channel for participants to share their experiences and suggestions, further contributing to the continuous improvement of such training programs.

### Report on ETUDES 2.0

<b>Programme Details in a nutshell</b>	
<b>Name of the Event</b>	One week online workshop on Data Handling and Formatting using Microsoft Office and Google (State)
<b>Nature of the Event</b>	Workshop
<b>Objectives</b>	<p>a) Familiarize participants with the essential features and functionalities of Microsoft Office and Google Suite for data handling and formatting.</p> <p>b) Enhance participants' skills in data manipulation, formatting, and analysis using spreadsheet software.</p> <p>c) Enable participants to create visually appealing and professional documents using advanced formatting techniques.</p> <p>d) Provide hands-on practice and real-life examples to reinforce participants' understanding and application of data handling and formatting concepts.</p> <p>e) Foster collaboration and knowledge sharing among participants through interactive sessions and group activities.</p>
<b>Resource person</b>	Technical Wing team
<b>Date and Time</b>	06/09/2021 to 10/09/2021, 3:00 to 4:00 pm
<b>Duration</b>	5 days
<b>Beneficiaries</b>	TeachUG and PG Students
<b>Venue or Platform</b>	Google Meet
<b>Feedback link</b>	<a href="https://forms.gle/efGjoUeDu5CRcsEWA">https://forms.gle/efGjoUeDu5CRcsEWA</a>
<b>Organising dept/ Cell</b>	PG Department of Computer Science
<b>Coordinator</b>	Mrs. Ambili M.S

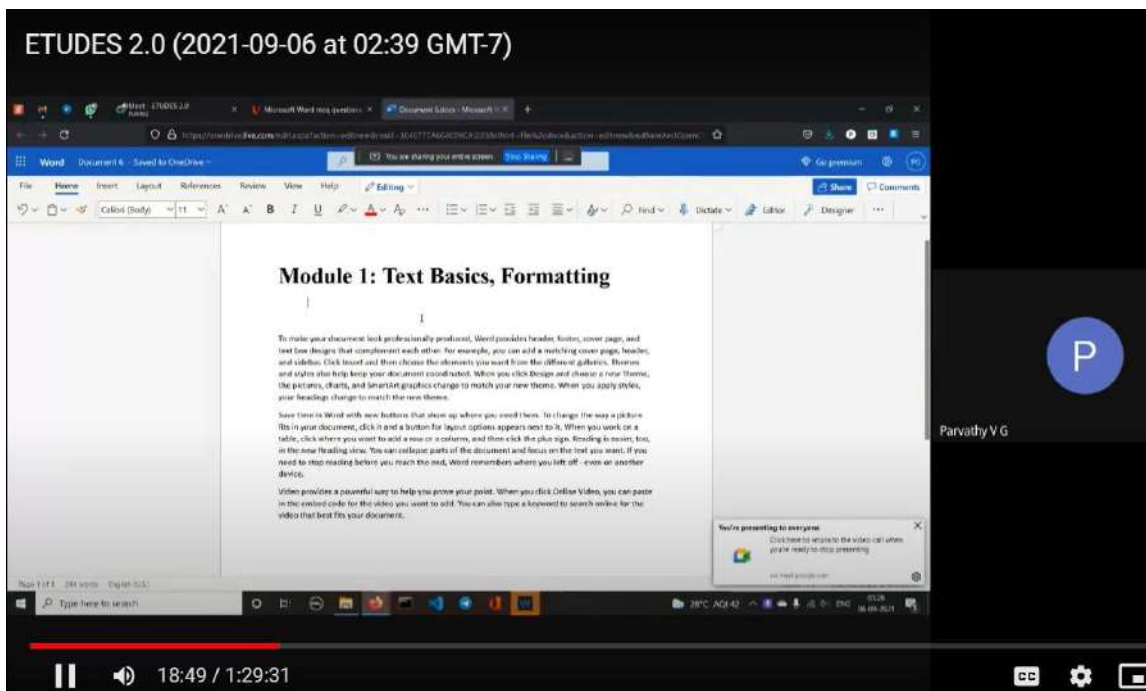

<b>Associating Agency</b>	Department Association
<b>Outcome/ Benefit of the programme</b>	<ul style="list-style-type: none"> <li>a) Participants developed proficiency in data manipulation, formatting, and analysis using Microsoft Office and Google Suite, enabling them to handle and present data effectively.</li> <li>b) Participants acquired advanced formatting techniques, allowing them to create visually appealing and professional documents in both Excel and Word, Sheets and Docs.</li> <li>c) Participants gained practical experience through hands-on exercises and group projects, applying their newly acquired skills to real-life scenarios.</li> </ul>

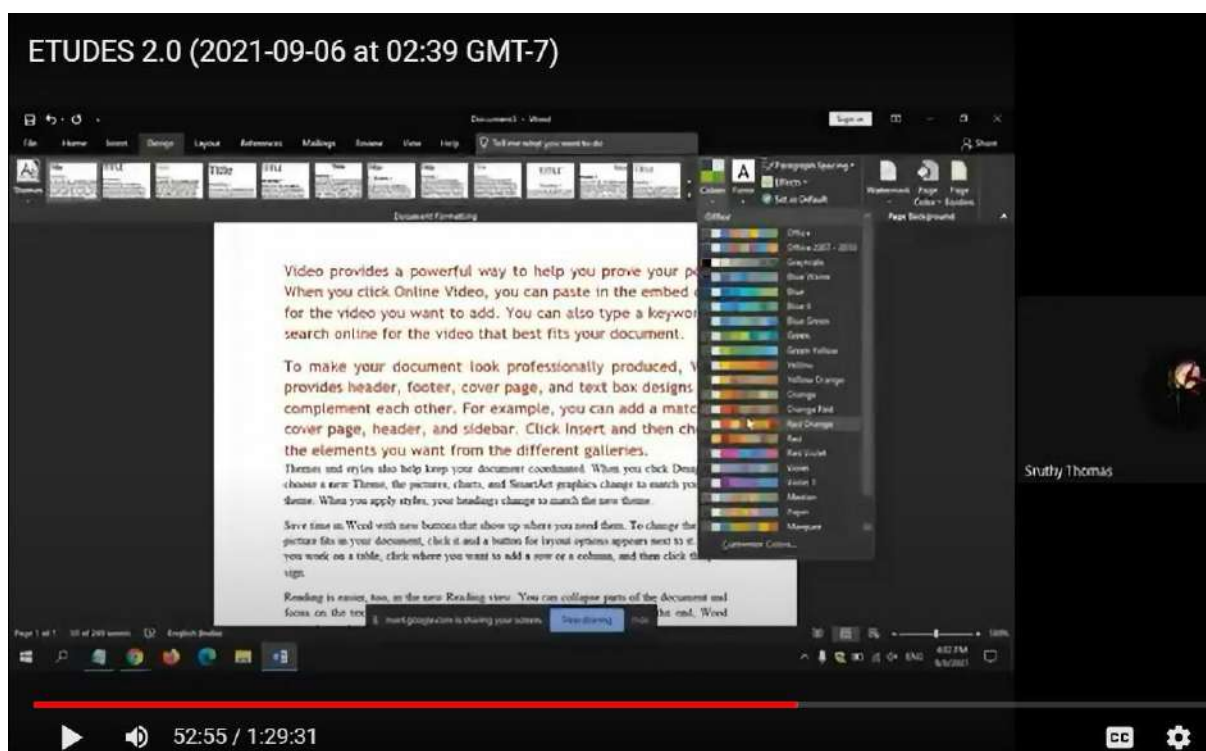

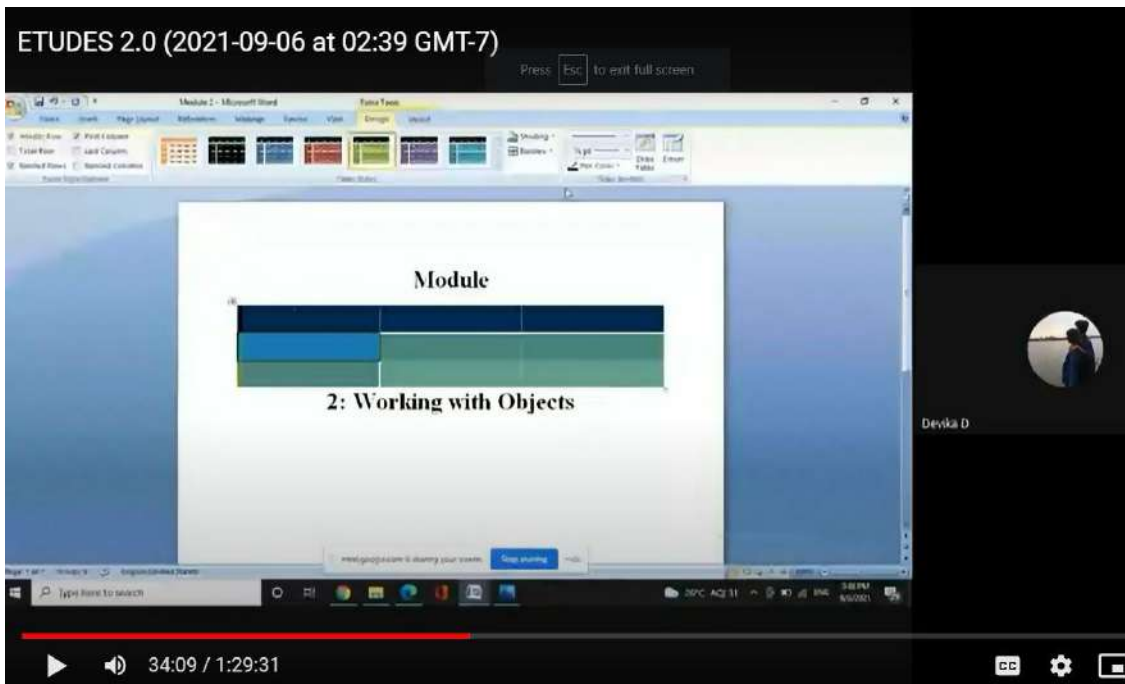

#### DETAILED REPORT OF THE PROGRAMME

The workshop on Data Handling and Formatting using Microsoft Office and Google was organized by the PG Department of Computer Science from 06/09/21 to 10/09/21. The workshop aimed to enhance the participants' skills in effectively handling and formatting data using popular tools such as Microsoft Office and Google. The workshop was conducted entirely online via the Google Meet platform. Participants were provided with the necessary workshop materials, including presentations, sample datasets, and exercises. The sessions consisted of live demonstrations, hands-on exercises, and interactive discussions. Participants gained valuable insights into data manipulation, formatting, and presentation using popular tools. The workshop undoubtedly enhanced the participants' skills in effectively handling and formatting data, equipping them with valuable knowledge for their academic and professional pursuits.

# ETUDES 2.0 (2021-09-06 at 02:39 GMT-7)

**Module 4: Maintaining and Proofing the document**

Video provides a powerful way to help you prove your point. When you click Online Video, you can paste in the embed code for the video you want to add. You can also type a keyword to search online for the video that best fits your document.

To make your document look professionally produced, Word provides headers, footers, cover page, and text box designs that complement each other. For example, you can add a matching cover page, header, and sidebar. Click Insert and then choose the elements you want from the different galleries.

Themes and Styles also help keep your document coordinated. When you click Design and choose a new Theme, the pictures, charts, and SmartArt graphics change to match your new theme. When you apply styles, your headings change to match the new theme.

Save time to work with new buttons that show up where you need them. To change the way a picture fits in your document, click it and a button for layout options appears next to it. When you work on a table, click where you want to add a row or a column, and then click the plus sign.

Reading is easier, too, in the new Reading view. You can collapse parts of the document and focus on the text you want. If you need to stop reading before you reach the end, Word remembers where you left off - even on another device.

**Restrict Editing**

1. Enabling restrict editing
  - Use Restricting to a selection of styles
2. Editing restrict editing
  - Use Restricting to a selection of styles
3. Start work on restrict editing
  - Use Restricting to a selection of styles

ETUDES 2.0 (2021-09-07 at 01:33 GMT-7)

The screenshot shows an Excel spreadsheet with a table of student marks. The columns are labeled 'Name', 'English', 'Maths', 'Physics', 'Chemistry', 'Biology', and 'Total'. The rows list students: Abel, Akash, Akshay, Anupa, Aparna, Anshel, Arya, Delta, Narupama, Neeraj, and Kanika. A formula bar at the top shows '=AVERAGE(B1:B11)'. A 'FUNCTIONS' header is visible in the background.

Name	English	Maths	Physics	Chemistry	Biology	Total
Abel	79	82	88	84	90	423
Akash	82	89	90	89	92	442
Akshay	79	83	76	89	88	415
Anupa	92	82	88	84	90	436
Aparna	96	94	95	100	100	485
Anshel	89	78	79	79	88	403
Arya	93	95	88	87	98	461
Delta	90	82	77	79	90	418
Narupama	85	91	88	84	95	443
Neeraj	88	94	92	94	94	462
Kanika	96	95	96	100	100	487

## ETUDES 2.0

**B I U**

We cordially invite you to the One-Week Online Workshop "ETUDES 2.0" organized by "PG DEPARTMENT OF COMPUTER SCIENCE", Sree Sankara Vidyapeetom College, Valayanchirangara, Perumbavoor.

A Quiz based on the Sessions

Date: 06.09.2021 to 10.09.2021

Time: 03.00 PM to 04:00 PM

Platform: Google Meet

No Registration fee

### Brochure

**SREE SANKARA VIDYAPEETOM COLLEGE**  
Valayanchirangara

**Etudes 2.0**  
One Week Online Workshop on Data Handling and Formatting Using Microsoft Office and Google

**06-09-2021 to 10-09-2021**  
3pm - 4pm

**Dr.Manusankar C**  
HOD,PG Department of Computer Science

**Mrs.Ambili M.S**  
Programme Co-ordinator

**DAY 1**

**Topics**

- Text Basics, Formatting and Saving File
- Working with Objects
- Styles and Content
- Maintaining and Proofing the Document

**Resource Person**

Jitha  
Devika E  
Parvathy VG  
Sruthy Thomas  
Aswathy K Raj  
Greena Peter  
Anandkrishan Kv

**DAY 2**

**Topics**

- Introduction
- Functions
- Database Operations
- Table Operations
- Charts

**Resource Person**

Ashwin K Manoj  
Anandhu  
Govind Ganeesh  
Sreelakshmi PH  
Gopika K Nair  
Farhana CM  
Nafeesa Noushad

**DAY 3**

**Topics**

- Introduction To Google Slides
- Choosing Template
- Transition of Slides
- Recording Audios
- Exporting to PDF and PPT

**Resource Person**

Amijith Suresh  
Dawn Wilson  
Eldho Thomas

**DAY 4**

**Topic**

- System Assembling

**Resource Person**

Rahul Duth  
System Administrator,  
Sree Sankara Vidyapeetom College

**DAY 5**

**Topics**

- Programme Evaluation and Feedback
- Introduction to Career Oriented Courses
- Consultancy and Training

**QUIZ + TIME!**

Report National workshop on Virtual Lab on 4/12/2021

Programme Details in a nutshell	
<b>Name of the Event</b>	One day National workshop on Virtual Lab
<b>Nature of the Event</b>	Online Workshop
<b>Objectives</b>	<p>a) Introduce participants to the concept of Virtual Labs and their significance in computer science education and research.</p> <p>b) Familiarize participants with various Virtual Lab platforms and their features.</p> <p>c) Provide hands-on experience with Virtual Lab environments to enhance participants' practical skills.</p> <p>d) Demonstrate the applications of Virtual Labs in conducting experiments, simulations, and research activities.</p> <p>e) Promote the integration of Virtual Labs into academic curricula for enhanced learning outcomes.</p>
<b>Resource person</b>	Prof. K.V Gangadharan
<b>Date</b>	December 4,2021
<b>Duration</b>	1 Day
<b>Beneficiaries</b>	Students, Faculties and Research Scholars from various colleges
<b>Venue or Platform</b>	Zoom
<b>Feedback link</b>	<a href="https://forms.gle/NSqr6Rm9xuwYx8N66">https://forms.gle/NSqr6Rm9xuwYx8N66</a>
<b>Organising dept/ Cell</b>	PG Department of Computer Science
<b>Coordinator</b>	Dr. Prathibha P.H, Nodal Center Coordinator
<b>Associating Agency</b>	NIT , Surathkal
<b>Outcome/ Benefit of the programme</b>	<p>a) Participants gained a comprehensive understanding of virtual lab environments and their significance in experimental learning.</p> <p>b) gained proficiency in navigating these platforms, accessing</p>

	<p>different experiments, and utilizing the tools and resources provided within the virtual lab environments.</p> <ul style="list-style-type: none"> <li>c) learned about the principles, features, and functionalities of virtual labs, enabling them to leverage these platforms effectively in their educational and research pursuits.</li> <li>d) Participants learned about the pedagogical advantages of integrating virtual labs into educational curricula.</li> <li>e) They gained insights into how virtual labs can enhance students' understanding of complex concepts, foster active learning, and provide a safe and accessible environment for experimentation.</li> <li>f) Participants were inspired to incorporate virtual labs into their teaching methodologies, promoting effective and engaging learning experiences.</li> </ul>
--	---

#### DETAILED REPORT OF THE PROGRAMME

The PG Department of Computer Science, in association with NIT Surathkal, organized a one-day Online National Workshop on Virtual Lab Experimental Learning. The workshop aimed to provide participants with valuable insights into virtual lab experimentation and its significance in computer science education. The workshop was conducted on December 4, 2021, from 9:30 AM to 11:30 AM, using the Zoom platform. The event was led by Prof. K.V. Gangadharan, a renowned expert in the field. The workshop was conducted online through the Zoom platform. Participants were provided with the necessary workshop materials, including presentations, virtual lab simulations, and reference resources. The sessions comprised a combination of interactive lectures, demonstrations, and hands-on activities. Participants were encouraged to actively engage in discussions and clarify their doubts. Prof. K.V. Gangadharan shared his expertise and insights on virtual lab experimental learning. The participants gained a deeper understanding of the potential benefits and challenges of integrating virtual labs into computer science education. The workshop successfully introduced participants to the concept of virtual lab experiments and showcased their significance in computer science education. Participants gained valuable insights into the tools, technologies, and implementation strategies of virtual labs. The workshop encouraged participants to further explore the integration of virtual labs in their respective educational institutions, fostering a culture of experiential learning in computer science education.

### Report on Workshop on "Indic scripts, Unicode and a brief Introduction to Natural Language Processing"

Programme Details in a nutshell	
Name of the Event	Workshop on Indic scripts, Unicode and a brief Introduction to Natural Language Processing"
Nature of the Event	Workshop
Objectives	<ul style="list-style-type: none"><li>a) The session aimed to educate participants about the Indic scripts, Unicode, and NLP, providing them with valuable insights into these topics.</li><li>b) The Workshop aimed to bridge the gap between theoretical concepts and practical applications.</li><li>c) The Workshop aimed to foster an interactive and collaborative learning environment.</li><li>d) The objective was to equip participants with valuable skills and knowledge in the areas of Indic scripts, Unicode, and NLP</li></ul>
Resource person	Kavya Manohar, Research Scholar, APJ Abdul Kalam Technical University, Thiruvananthapuram.
Date and Time	20/10/2020 at 2:30pm
Duration	1 day
Beneficiaries	Students and faculties from various colleges
Venue or Platform	Google Meet
Feedback link	<a href="https://docs.google.com/forms/d/e/1FAIpQLSe50OnmDsAEZ-nPDuqA5haXPwnxPqp0S1X8ygY0cMsgCCTOvw/viewform?usp=sf_link">https://docs.google.com/forms/d/e/1FAIpQLSe50OnmDsAEZ-nPDuqA5haXPwnxPqp0S1X8ygY0cMsgCCTOvw/viewform?usp=sf_link</a>
Organising dept/ Cell	PG Department of Computer Science
Coordinator	Sumaja Sasidharan

Associating Agency	Swathantra Malayalam Computing
Outcome/ Benefit of the programme	<ul style="list-style-type: none"> <li>a) Participants gained a deeper understanding of the Indic scripts used in the Indian subcontinent, their historical significance, and their importance in various languages such as Devanagari, Bengali, Tamil, etc.</li> <li>b) They learned about the unique features and challenges associated with Indic scripts.</li> <li>c) Attendees acquired knowledge about Unicode, a standard for character encoding, and its role in representing Indic scripts.</li> <li>d) They understood the challenges faced in encoding Indic scripts and became familiar with Unicode transformation formats (UTF) used for this purpose.</li> <li>e) They gained an understanding of the definition and scope of NLP and became aware of the diverse applications of NLP across different domains.</li> <li>f) Attendees received a brief introduction to the basic techniques and algorithms employed in NLP.</li> <li>g) They learned about the fundamental concepts and tools used in NLP for tasks such as text classification, sentiment analysis, and machine translation.</li> </ul>

### DETAILED REPORT OF THE PROGRAMME

Workshop on "Indic Scripts, Unicode, and a Brief Introduction to Natural Language Processing" was organized by the PG Department of Computer Science on October 20, 2020. The session aimed to explore the significance of Indic scripts, the role of Unicode in representing them, and provide a brief introduction to Natural Language Processing (NLP). The workshop started promptly at 2:30 pm, with participants joining via an online platform. The event was well-attended, with a diverse audience comprising students, researchers, and professionals from the field of computer science.

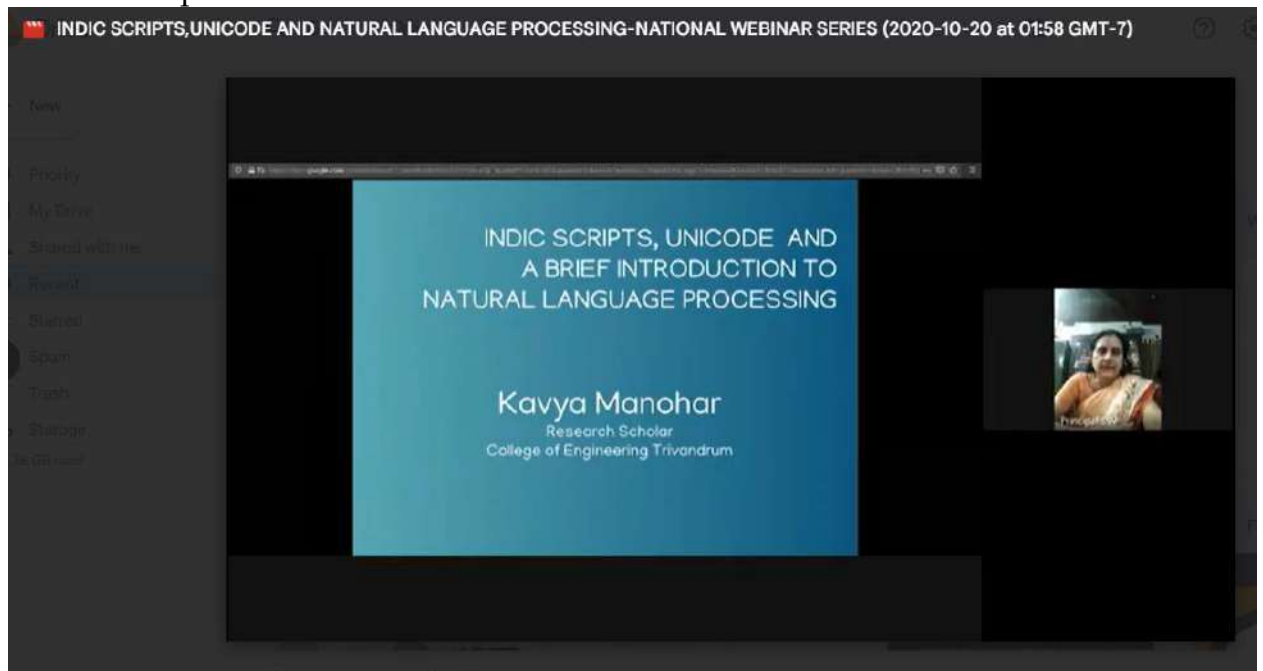

The session featured an expert speaker Kavya Manohar, Research Scholar under APJ Abdul

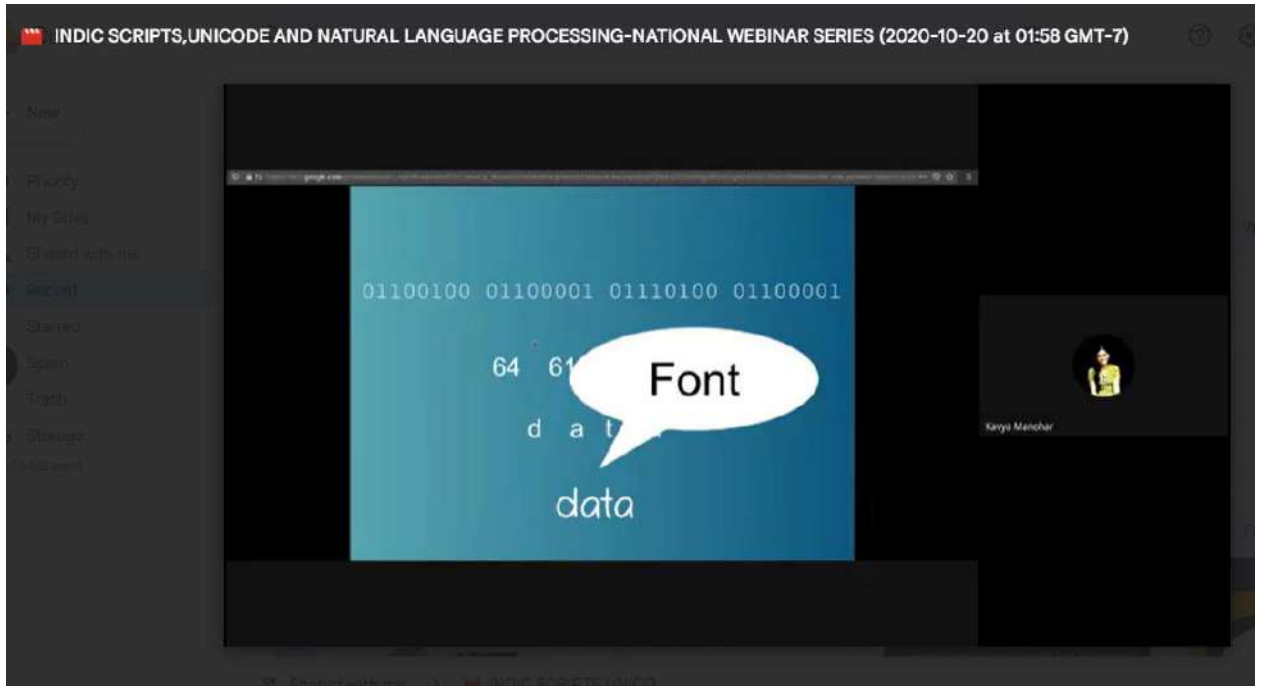

Kalam Technical University who was well-versed in the subject matter. Their qualifications and background in Indic scripts, Unicode, and Natural Language Processing added credibility and ensured a valuable learning experience. The speaker delivered a well-structured presentation, supplemented with relevant visual aids, slides, and examples. They shared demonstrations to illustrate the concepts discussed, providing participants with a practical understanding of Indic scripts, Unicode, and NLP. The workshop on "Indic Scripts, Unicode, and a Brief Introduction to Natural Language Processing" provided participants with valuable insights into the significance of Indic scripts, the role of Unicode in representing them, and the fundamentals of Natural Language Processing. The event contributed to enhancing participants' knowledge in these domains and fostering a deeper understanding of the topics discussed. Overall, the workshop was a resounding success, enabling participants to expand their knowledge and engage with experts in the field.

### Report on NATIONAL WORKSHOP SERIES SESSION - 3 "Introduction to R"

Programme Details in a nutshell	
Name of the Event	Workshop on "Initiating Proficiency in R Programming"
Nature of the Event	Workshop
Objectives	<ul style="list-style-type: none"> <li>a) The session aimed to introduce participants to the R programming language and familiarize them with its syntax, conventions, and key features.</li> <li>b) The objective was to provide participants with a solid foundation in R programming.</li> <li>c) The Workshop aimed to highlight the significance of R in data analysis and statistical computing.</li> <li>d) The session aimed to compare R with other programming languages commonly used for data analysis, such as Python, MATLAB, and SAS</li> </ul>
Resource person	Dr. Saravanan. S, Associate Professor, Pandit Jawaharlal College of Agriculture and Research Institute, Karaikal
Date and Time	28/10/2020 at 2:30 pm
Duration	1 day
Beneficiaries	Students
Venue or Platform	Free Conference call
Feedback link	<a href="https://docs.google.com/forms/d/e/1FAIpQLSfGJGjRg9XLANibDZWNtqVlx7q30maI7XYoO3BRHE89d2uDUg/viewform?usp=sf_link">https://docs.google.com/forms/d/e/1FAIpQLSfGJGjRg9XLANibDZWNtqVlx7q30maI7XYoO3BRHE89d2uDUg/viewform?usp=sf_link</a>
Organising dept/ Cell	PG Department of Computer Science
Coordinator	Ambili M S
Associating Agency	Pandit Jawaharlal Nehru College of Agriculture and Research Institute, Karaikal
Outcome/ Benefit of the programme	a) Participants learned about the capabilities of R and how it is widely used in various fields for data manipulation,

	<p>visualization, and statistical analysis.</p> <p>b) Participants gained insights into the unique strengths and applications of R, enabling them to make informed choices in their data analysis workflows.</p> <p>c) Attendees developed an awareness of the significance of R in the field of data analysis.</p> <p>d) They learned how to import and export data, manipulate, and transform data, visualize data using R libraries like ggplot2, and conduct basic statistical analysis.</p>
--	--

### DETAILED REPORT OF THE PROGRAMME

Workshop on “Initiating Proficiency in R Programming” was organized by the PG Department of Computer Science on October 28, 2020. The session aimed to introduce participants to the R programming language and its applications in data analysis and statistical computing. The workshop featured Dr. Saravanan S, an esteemed Assistant Professor at Pandit Jawaharlal Nehru College of Agriculture and Research Institute, Karaikal. Dr. Saravanan possesses extensive knowledge and experience in R programming, making him an ideal speaker to introduce participants to this topic.

Dr. Saravanan delivered a well-structured presentation, supported by informative slides and examples. He provided practical demonstrations of R programming concepts, showcasing how to perform data analysis tasks and visualize results using R. Following the presentation, a question-and-answer session was held, allowing participants to seek clarifications, share their thoughts, and engage in discussions with Dr. Saravanan. The interactive Q&A session provided valuable insights and promoted a collaborative learning environment. The National Workshop Series Session - 3 on "Introduction to R" provided participants with a comprehensive introduction to the R programming language and its applications in data analysis and statistical computing. Dr. Saravanan's expertise and practical demonstrations helped attendees grasp the fundamental concepts of R programming and its potential for data analysis.

Workshop was well-received by the participants, who benefited from the session's informative content and the opportunity to interact with an expert in the field.

## DETAILED REPORT OF THE PROGRAMME

The Orientation Class on Industrial Projects, conducted by the Department of Computer Science in collaboration with LCC Computer Education during the academic year 2019-2020, was a highly beneficial program for the student beneficiaries. The objective of the program was to familiarize students with the concept of industrial projects and provide them with insights into real-world project execution. As part of the LCC Computer Education Programme, the event aimed to equip beneficiaries with essential project management skills and create potential opportunities for internships or collaborations on industrial projects.

The program witnessed active participation from students eager to gain practical knowledge in project execution. The Orientation Class provided a platform for students to understand the importance of industrial projects and their relevance in bridging the gap between academia and industry. Through interactive sessions and case studies, participants gained valuable insights into the practical aspects and challenges faced in executing real-world projects. The orientation also focused on equipping students with essential project management skills, making them more competent in handling complex projects in their future careers.

In conclusion, the Orientation Class on Industrial Projects conducted in collaboration with LCC Computer Education served as a stepping stone for students to explore and engage with real-world projects. The program report highlights the success of the orientation and its positive impact on students' understanding and skill development in project management. The Department of Computer Science's efforts in organizing such orientation classes demonstrate their commitment to preparing students for the dynamic challenges of the professional world.

## Report on Workshop on SAP

Programme Details in a nutshell	
Name of the Event	Workshop on SAP for students
Nature of the Event	Online Workshop
Objectives	To make students aware about SAP ( System, Application and products in data processing
Resource person	Mr. Savad, Technical Officer, Vintage Info Solutions, Edappally
Date and Time	21-04-2021, 2:00 PM
Duration	½ Day
Beneficiaries	140 students
Venue or Platform	Google Meet
Organising dept/ Cell	Department of Commerce
Coordinator	Dr. Resmi R, Department of Commerce
Associating Agency	Vintage Info Solutions
Outcome/ Benefit of the programme	Participants gained a strong understanding of SAP software, its functionalities, and its real-world applications.

### DETAILED REPORT OF THE PROGRAMME

The online SAP Workshop, organized by the Department of Commerce at Sree Sankara Vidyapeetom College, Valayanchirangara, in association with Vintage Info Solutions , was held on April 21, 2021. The workshop aimed to provide participants with a comprehensive understanding of SAP (Systems, Applications, and Products in Data Processing), one of the world's leading enterprise resource planning (ERP) software solutions.

The primary objectives of the online SAP Workshop were as follows:

- Introduction to SAP: To introduce participants to the fundamentals of SAP software, its history, and its wide-ranging applications across industries.
- Hands-on Experience: To provide practical, hands-on experience with SAP systems, allowing participants to navigate and use the software effectively.
- Career Insights: To explore career opportunities in the field of SAP and highlight the value of SAP certification.
- Networking: To facilitate interaction and networking among participants, faculty, and industry experts interested in SAP.

The workshop commenced with a welcome address by the head of the Department of Commerce, setting the tone for the day's sessions. An experienced SAP consultant from Vintage Solutions Private Limited delivered an informative session introducing participants to SAP's history, significance, and various modules. This practical session allowed participants to actively engage with SAP systems, performing tasks such as data entry, invoice processing, and report generation. Participants gained insights into career prospects related to SAP and the advantages of obtaining SAP certification. Information about certification programs and exam preparation was also shared.

The online SAP Workshop, organized by the Department of Commerce at Sree Sankara Vidyapeetom College, Valayanchirangara, in partnership with Vintage Info Solutions , was a highly successful educational event. It effectively achieved its objectives and provided a platform for participants to explore the world of SAP, acquire practical skills, and connect with experts in the field.

# WORKSHOP ON SAP FOR STUDENTS

**SREE SANKARA  
VIDYAPEETOM COLLEGE**

DEPARTMENT OF COMMERCE

In Association with

 **VINTAGE INFO SOLUTIONS**

April 21, 2021  
2pm to 3pm

To Register Click the below link

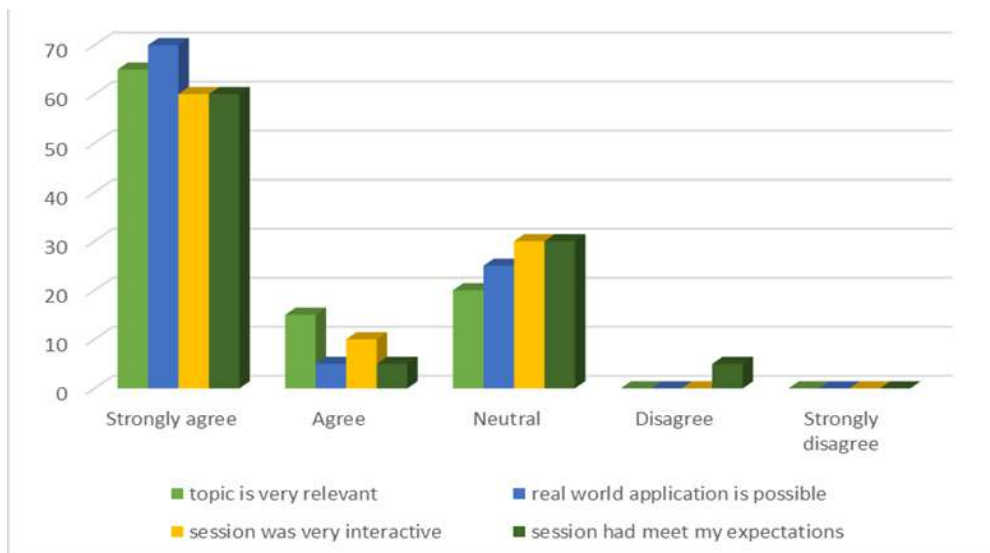

## Participant Feedback

Feedback was collected from participants through post-workshop surveys. Key feedback points included:

- 98% of participants found the workshop highly informative and relevant to their academic and career aspirations.
- 94% expressed satisfaction with the hands-on SAP training session, highlighting its effectiveness.
- 93% indicated that they were considering pursuing SAP certification in the future, emphasizing the value of certification.
- 95% appreciated the industry expert's practical insights and real-world examples, finding them highly beneficial.

## Report on Workshop on Document Preparation Using LaTeX

Programme Details in a nutshell	
Name of the Event	Workshop on Document Preparation Using LaTeX
Nature of the Event	Workshop
Objectives	a) The workshop aimed to introduce participants to LaTeX, a typesetting system widely used for scientific and technical documents.  b) The objective was to provide a clear understanding of how to organize and structure documents using LaTeX.  c) The workshop aimed to provide participants with insights into advanced features and customization options in LaTeX.
Resource person	Dr. Manikandan V.M, Assistant Professor, Computer Science and Engineering, SRM University, AP
Date and Time	23/04/2021 at 2:30 PM
Duration	1 day
Beneficiaries	Students
Venue or Platform	Google Meet
Feedback link	<a href="https://docs.google.com/forms/d/e/1FAIpQLSfVRx98NNW2NjNcH4qicBBM8fF_XqjMR8Y7ryx_FYTUyrbmAQ/viewform?usp=sf_link">https://docs.google.com/forms/d/e/1FAIpQLSfVRx98NNW2NjNcH4qicBBM8fF_XqjMR8Y7ryx_FYTUyrbmAQ/viewform?usp=sf_link</a>
Organising dept/ Cell	PG Department of Computer Science
Coordinator	Dr. Manusankar C
Associating Agency	SRM University, AP
Outcome/ Benefit of the programme	a) Participants learned about the structure of a LaTeX document, including the preamble, document class, and sections.  b) They learned about font styles, sizes, paragraph formatting, and the inclusion of mathematical equations and symbols in LaTeX documents.

	<p>c) Participants gained knowledge about inserting and managing figures and tables in LaTeX, along with creating captions and cross-references for these elements.</p> <p>d) They learned about customizing document layouts, creating bibliographies, managing citations, and received practical tips for efficient document preparation using LaTeX.</p>
--	---

## DETAILED REPORT OF THE PROGRAMME

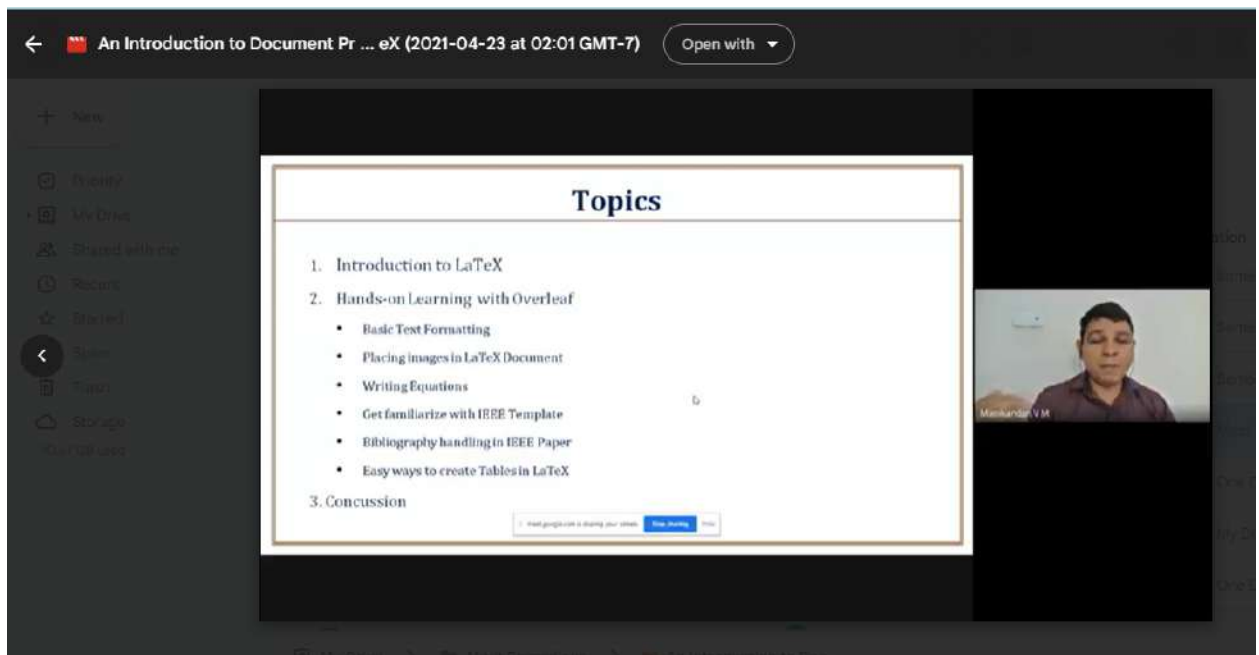

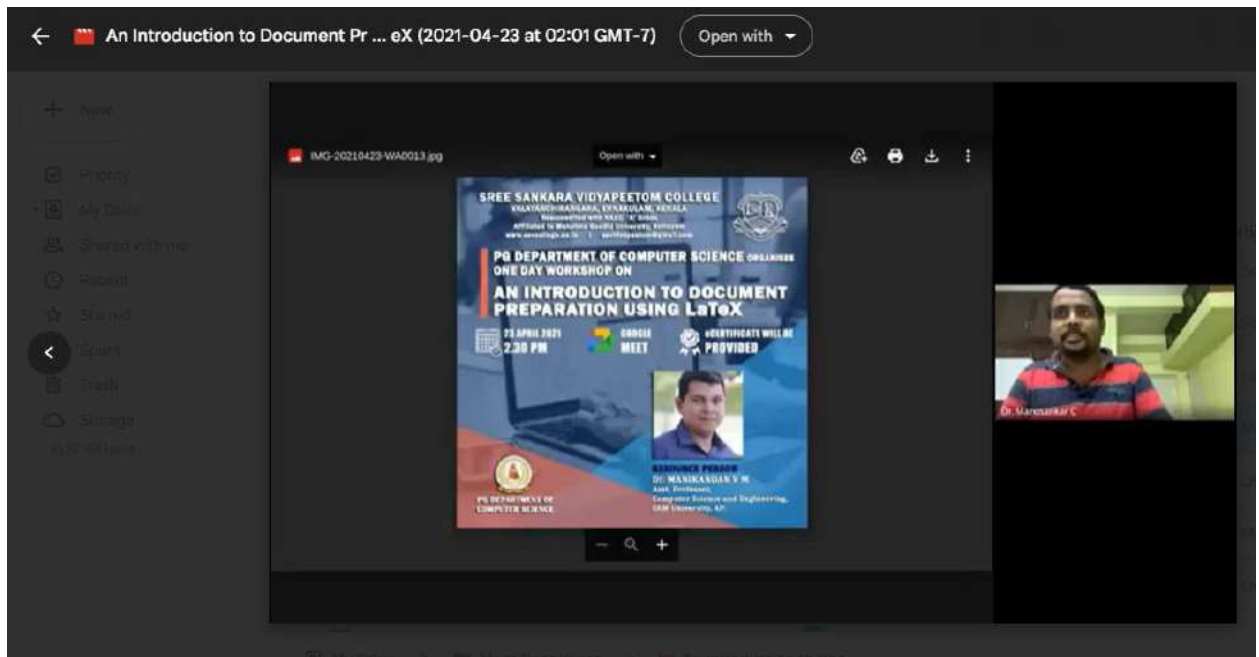

The One-Day Workshop on "Document Preparation Using LaTeX" was organized by the PG Department of Computer Science on April 23, 2021. The workshop aimed to introduce participants to LaTeX, a typesetting system widely used for scientific and technical documents. The workshop was conducted via Google Meet, enabling participants to join remotely. The event began promptly at 2:30 pm and attracted a diverse group of attendees, including students, researchers, and professionals interested in document preparation using LaTeX.

Dr. Manikandan V.M, an Assistant Professor at SRM University, AP, was the distinguished speaker for the workshop. Dr. Manikandan's expertise in LaTeX and document preparation added credibility and ensured a valuable learning experience for the participants. The topics covered in the session are Introduction to LaTeX, Document Formatting and Typesetting, how to include Figures, Tables, and References in the document and Advanced Features and Tips. .Dr. Manikandan delivered a comprehensive presentation on LaTeX, accompanied by informative slides and examples. The speaker shared practical demonstrations to illustrate the concepts and techniques discussed, providing participants with hands-on experience in LaTeX document preparation. Following the presentation, a question-and-answer session was held, allowing participants to seek clarifications, share their experiences, and engage in discussions with Dr. Manikandan. The interactive Q&A session facilitated a collaborative learning environment and addressed specific queries related to LaTeX.

**Detailed Detailed Report of the Programme**

"Orientation Programme on RedHat Academy," organized by the Department of Computer Science during the academic year 2019-2020, proved to be an enriching experience for the student beneficiaries. The program, conducted as part of the RedHat

Academy Programme, aimed to introduce students to the world of open-source technologies and their applications in the IT industry. The primary objective of the orientation programme was to familiarize participants with the RedHat Academy's comprehensive curriculum and learning resources. Students gained valuable insights into the various modules offered, equipping them with knowledge and skills in open-source technologies. The orientation programme also motivated students to consider pursuing RedHat certifications, enhancing their employability and career prospects in the IT field.

The Orientation Programme on RedHat Academy successfully introduced students to the opportunities and benefits offered by the program. The event's outcomes reflected students' increased awareness and interest in open-source technologies, indicating the positive impact of the orientation programme. The Department of Computer Science's efforts in organizing such extension activities undoubtedly contribute to fostering a well-informed and skilled community of students in the domain of open-source technologies.

## INVITATION/ CORRESPONDENCE

----- Forwarded message -----

From: Joseph Job <joseph@spectrum.net.in>  
Date: Wed, Jun 28, 2019 at 11:40 AM  
Subject: Red Hat Academy Orientation at the college on 28th June 2019 10 a.m. to 12 noon.  
To: SUMAJA SASIDHARAN <sumajasidharan@ssvcollege.ac.in>  
Cc: <manusankaro@ssvcollege.ac.in>

Hi Sumaja Madam,

As planned, we will be conducting the Red Hat Academy Orientation at the college on 28th June 2019 10 a.m. to 12 noon. Please help us with the following things.

1. Please arrange for a projector (with USB connectivity) and Internet facility at the presentation hall. We will bring our laptop, Internet in LAN is preferred.
2. Please make sure maximum number of students participate in the orientation. Interested students from all semesters and all specializations can participate in it.
3. Faculty too can participate as RHA benefits are available for them too.
4. We are planning to make the session more informative and engaging with some gifts also for the participants who may answer questions or volunteer.

Apart from the free self-study mode, later if anyone plans for an expert trainer-led classroom training, we can also offer it at a minimal cost to the company of 4500/- per head for beginner-level RHCSA program. If there is a minimum count of 10, then experienced Linux Administrators can conduct the classes at your college, and if the count is less, we can arrange for weekend/holiday classes at Spectrum IT Park.

Please call me back for any further clarification or coordination as required. Thank you.

### Detailed Detailed Report of the Programme

The Java Orientation Class and Skill Test, conducted by the Department of Computer Science during the academic year 2019-2020, proved to be a beneficial program for the final year student beneficiaries. The orientation class aimed to introduce students to the fundamentals of Java programming language and its applications in the field of computer science. The program took place as part of a skill assessment event organized for students.

The primary objective of the Java Orientation Class was to provide participants with a foundational understanding of Java programming concepts and syntax. It aimed to equip students with essential programming skills necessary for future academic and professional pursuits. The subsequent skill test evaluated students' Java programming capabilities, helping them identify their strengths and areas for improvement. The program provided valuable feedback to the participants, offering insights on enhancing their Java programming proficiency.

In conclusion, the Java Orientation Class and Skill Test conducted by the Department of Computer Science were successful in preparing students for the world of Java programming. The program's outcomes highlighted the significance of providing students with a strong foundation in Java programming and offering them the opportunity to assess and improve their skills. The event's impact will undoubtedly contribute to the students' academic and professional growth in the field of computer science.

## Detailed Report of the Programme

The Industrial Collaboration Session conducted by Spectrum IT Solutions in collaboration with the Department of Computer Science during the academic year 2019-2020 was a significant program for the student beneficiaries. The objective of the program was to provide students with an opportunity to interact with industry professionals and gain valuable insights into the latest trends and technologies in the IT sector. As part of the Programme for students, the event aimed to equip beneficiaries with practical knowledge and skills required for the IT industry.

The program proved to be an enlightening experience for the participants. Students had the chance to engage in interactive sessions with experts from Spectrum IT Solutions, fostering a collaborative learning environment. The industrial collaboration session offered real-world case studies and experiences, enhancing students' problem-solving abilities, and making them more employable in the IT sector. The program also created potential pathways for interested students to explore internships, projects, and future career opportunities with Spectrum IT Solutions.

In conclusion, the Industrial Collaboration Session by Spectrum IT Solutions served as a bridge between academia and industry, providing students with valuable industry insights and potential opportunities for their future career growth. The program report reflects the success of the collaboration session and highlights its positive impact on students' knowledge, skills, and networking capabilities. The Department of Computer Science's efforts in organizing such industry collaborations are commendable as they contribute to creating well-prepared and industry-ready graduates in the field of computer science.

-----------------------------------	--

### Detailed Report of the Programme in Detail

The Technical workshop in association with Infiniz IT Solutions, conducted by the Department of Computer Science during the academic year 2019-2020, was a highly beneficial program for the student beneficiaries. The objective of the program was to provide students with insights into the latest trends and advancements in the IT industry. As part of the Infiniz IT Solutions Programme, the event aimed to equip beneficiaries with valuable knowledge and practical understanding of real-world IT challenges and solutions.

The program witnessed active participation from students and professionals alike. The Technical Seminar provided a platform for students to interact and network with professionals from Infiniz, fostering a collaborative learning environment. Through engaging presentations and case studies, participants gained valuable insights into the IT industry's latest trends and technological advancements. The seminar also opened doors for potential internships, projects, and future career opportunities with Infiniz IT Solutions.

The Technical workshop in association with Infiniz IT Solutions served as a bridge between academia and industry, providing students with valuable industry insights and potential pathways for their future career growth. The program report highlights the success of the seminar and its positive impact on students' knowledge, skills, and networking capabilities. The Department of Computer Science's efforts in organizing such technical seminars are commendable, as they contribute significantly to

creating industry-ready graduates in the field of computer science.

### **Detailed Report of the Programme in Detail**

The Workshop on Introduction to Networking Courses, conducted in collaboration with Spectrum IT Solutions, was an enlightening program organized by the Department of Computer Science during the academic year 2019-2020. The objective of the program was to introduce students to the fundamentals of networking and its significance in the IT industry. As part of the Programme for students, the event aimed to equip beneficiaries with essential networking skills and knowledge.

The program was a valuable opportunity for students to gain insights into networking technologies and practices. The collaboration with Spectrum IT Solutions provided industry-oriented perspectives and real-world applications, making the learning experience more enriching. Participants acquired a strong understanding of networking fundamentals, preparing them for future academic and career pursuits. The program successfully generated interest and enthusiasm among students towards further studies and certifications in networking, promising a promising future in the dynamic IT sector.

The Introduction to Networking Courses conducted in collaboration with Spectrum IT Solutions proved to be a valuable endeavor for the students. The program's outcomes highlighted the importance of networking skills in the IT industry and the positive impact of industry collaboration on students' academic and career prospects. The Department of Computer Science's efforts in organizing such a program contributed to fostering a skilled and industry-ready community of students in the field of networking.

--	---

### Detailed Detailed Report of the Programme

The Workshop on "Open-Source Tools for Instructional Scaffolding," conducted by the Department of Computer Science during the academic year was a valuable initiative aimed at equipping students with practical skills in utilizing open-source tools for creating interactive learning resources. The program, organized for the students, focused on introducing the concept of instructional scaffolding and its significance in the educational domain.

The primary objective of the was to familiarize participants with various open-source tools and technologies that could enhance instructional scaffolding. Throughout the course, students were encouraged to explore and innovate with open-source technologies, promoting cost-effective and accessible educational practices. The program emphasized the importance of open-source tools in facilitating inclusive and effective teaching methods. By the end of the course, participants were equipped with the knowledge and skills to implement instructional scaffolding using freely available resources.

The workshop successfully achieved its objectives of introducing students to the concept of instructional scaffolding and familiarizing them with open-source tools. The course empowered participants to design interactive learning resources and embrace cost-effective and innovative educational practices. The Department's commitment to promoting accessible and effective teaching methods through open-source technologies was evident, and the program's impact in enhancing the participants' educational toolkit was commendable.

### **Content Management System (CMS)**

- A CMS is a software/tool that allows you to create, edit, and publish content.
- CMS allows to Archival/ Index the course content in a logical order.
- CMS systems are now designed exclusively to manage content on the web

The diagram shows a laptop with 'CMS' on the screen. Five lines radiate from the laptop to labels: 'ACCESSIBILITY' (red dot), 'OPTIMIZATION' (green dot), 'SECURITY' (blue dot), 'USER FRIENDLY' (orange dot), and 'COST' (black dot).

3

### **Learning Management System**

The letters 'L', 'M', and 'S' are formed by colorful wooden blocks (blue, red, and yellow) on a wooden surface.

- Course Administration
  - Design a Course
  - Create Learners Profile
- Content Creation & Delivery of educational courses or training programs
- Track Learning Activities
- Prepare Educational Documents, Gather Students Data, and Reports
- Perform Learning Analytics

### Detailed Report of the Programme

The Workshop on "Programming Workshop" in association with Spectrum IT Solutions, conducted by the Department of Computer Science during the academic year 2018-2019, was a resounding success and greatly benefited the student beneficiaries. As part of the Programme for students, the workshop aimed to provide participants with hands-on experience in programming and enhance their coding skills. The workshop, held on 18th July 2018, saw active participation from students who were eager to delve into the world of programming.

Throughout the Programming Workshop, expert facilitators led sessions on various programming concepts, tools, and techniques, allowing students to gain practical experience and improve their coding proficiency. The interactive nature of the workshop encouraged participants to collaborate and work together on coding challenges, fostering teamwork and knowledge-sharing. Additionally, the event served as an excellent platform to strengthen the collaboration between the Department of Computer Science and Spectrum IT Solutions, enhancing the industry-academia partnership and promoting mutual growth.

The Programming Workshop conducted by the Department of Computer Science proved to be highly beneficial for the student beneficiaries, equipping them with essential programming skills and knowledge.

### Detailed Report of the Programme

The hands-on training on Computer Security," conducted by the Department of Computer Science during the academic year 2018-2019, proved to be a highly informative and beneficial event for the student beneficiaries. As part of the Programme for students, the training aimed to create awareness about computer security and the potential risks associated with cyber threats. The seminar, held on 30th November 2018, witnessed active participation from students who were keen to learn about the importance of cybersecurity in the digital age.

Throughout the training session on Computer Security, expert speakers shared valuable insights and best practices to protect personal information and sensitive data online. The session served as an excellent platform for students to understand the latest trends in cyber threats and security measures to safeguard their digital presence. Furthermore, the event effectively fostered a culture of cybersecurity consciousness among students, encouraging them to be responsible digital citizens.

### Detailed Report of the Workshop

The Workshop on "Modern tech Immersion: Keeping Ahead" organized by the Department of Computer Science as part of the Programme for students, was successfully conducted on 06th December 2018. The workshop, aimed to bridge the gap between students and the latest technological advancements in the ever-evolving field of computer science. The event witnessed enthusiastic participation from students who were eager to stay updated with the cutting-edge trends and developments.

Mr. N K JIMSHAD, a distinguished resource person, shared valuable insights and expertise during the seminar. The event not only provided a platform for students to learn about emerging technologies but also inspired them to explore the limitless

possibilities that these advancements offer. Through this workshop, students were encouraged to embrace continuous learning and adaptability, essential qualities for success in the technology industry. The Department of Computer Science played a pivotal role in organizing this event, fostering a bridge between academia and industry. The workshop is a resounding success underscores the importance of such initiatives in equipping students with the knowledge and motivation to thrive in the dynamic world of technology.

Programme Details in a nutshell	
Name of the Event	<b>Report on Workshop on Modern tech Immersion</b>
Nature of the Event	Workshop
Objectives	<ul style="list-style-type: none"> <li>● To provide students with insights into the latest technological advancements and updates in the field of computer science.</li> <li>● To enhance students' understanding of emerging technologies and their potential applications in various domains.</li> <li>● To encourage students to stay updated with the fast-paced technology landscape and inspire them to pursue continuous learning.</li> <li>● To facilitate interaction between students and industry experts, fostering a platform for knowledge exchange and networking.</li> </ul>
Resource person	Mr. N K JIMSHAD
Date and Time	06/12/2018
Duration	1 day
Beneficiaries	81 Students
Venue or Platform	Department of Computer Science
Feedback link	
Organising dept/	Department of Computer Science

Cell	
Coordinator	Manusankar C
Associating Agency	KERALA STEDS
Outcome/ Benefit of the programme	<ul style="list-style-type: none"> <li>● Participants gained a comprehensive understanding of recent technological developments through the Technology Updating Seminar.</li> <li>● Students became aware of the practical implications of emerging technologies, sparking their interest in exploring innovative solutions.</li> <li>● The seminar motivated students to proactively engage in continuous learning and skill development to stay relevant in the technology industry.</li> <li>● Interaction with Mr. N K JIMSHAD, a seasoned professional, provided valuable industry insights and networking opportunities for aspiring computer scientists.</li> </ul>

### Detailed Report of the Workshop

The Workshop on "Modern tech Immersion: Keeping Ahead" organized by the Department of Computer Science as part of the Programme for students, was successfully conducted on 06th December 2018. The workshop, aimed to bridge the gap between students and the latest technological advancements in the ever-evolving field of computer science. The event witnessed enthusiastic participation from students who were eager to stay updated with the cutting-edge trends and developments.

Mr. N K JIMSHAD, a distinguished resource person, shared valuable insights and expertise during the seminar. The event not only provided a platform for students to learn about emerging technologies but also inspired them to explore the limitless

possibilities that these advancements offer. Through this workshop, students were encouraged to embrace continuous learning and adaptability, essential qualities for success in the technology industry. The Department of Computer Science played a pivotal role in organizing this event, fostering a bridge between academia and industry. The workshop is a resounding success underscores the importance of such initiatives in equipping students with the knowledge and motivation to thrive in the dynamic world of technology.

### Detailed Report of the Programme

The Workshop on "Exploring System Development Domains organized by the Department of Computer Science, was conducted on 19th December 2018. As part of the Seminar type, this event aimed to familiarize students with the fundamental concepts and stages of system development, shedding light on its crucial role in modern software engineering. The beneficiaries of the programme were the students of the department, facilitated by the organizing Department of Computer Science.

Mr. Raju P S, Center Manager at LOGIC Software Solutions, served as the resource person for the workshop. His expertise and insights enriched the event, providing students with real-world insights into the practical application of system development. The workshop not only expanded students' knowledge but also piqued their interest in pursuing further studies and careers in this domain. This initiative highlighted the collaboration between academia and industry, facilitating a comprehensive learning experience for students. In conclusion, the seminar left a lasting impact on participants, equipping them with a solid foundation in system development principles and inspiring their future endeavors.
