TRAINING AND PLACEMENT BY DEPARTMENTS

With Principal's total cooperation and the coordination of Career Guidance And Placement Cell, for the FIRST TIME in the history of SSV, every individual department conducted trainings by themselves and sending students to interviews for various companies.

In all, ASSAP visited our college and after a two day-long process, a 25 students have been selected after final rounds of interviews and undergone training later.

DATA OF THE PASSED OUT STUDENTS PART TIME JOBS

As many as 20 companies have received from us the database of the passed out students. Due to this our students of the previous year were approached by various companies and got placed. Apart from all the above ventures we have been regularly displaying the information and personally help students get part time jobs in order help them meet their educational needs. As I am at the exit point after three fruitful years, a fitting way to end this report is to thank everyone who have made possible all that I did, especially it is heart-warming to record here that all the departments have realized the need to train and place students at their departments level also along with the Career Guidance

and Placement Cell.
